Re: Unorthodox Location
WDQSU #31-100Y
190 FNL 1660 FEL, Section 31
T24S, R38E, Lea County, New Mexico

Gentlemen:

This letter shall serve as our request to have the above referenced unorthodox location approved by your office. This is a replacement well for the WDQSU #31-100, which was plugged and abandoned on December 22, 1987. The wellbore has been moved fifty feet in a north direction, utilizing the same wellpad and drilling pits.

On the attached plat, you will note our location lies within the unit boundaries of the West Dollarhide Queen Sand Unit. We are requesting approval of this location because it will allow us to establish a more efficient waterflood pattern within the unit and it will replace the aforementioned plugged and abandoned hole.

Should you have additional questions, please call.

Sincerely,

Amy L. Whitley
