RE: Request for Administrative  
Approval of an Unorthodox Location  
Jicarilla 452 #3  
370' FNL & 1620' FEL  
Section 6, T29N, R3W  
Rio Arriba County, New Mexico

Dear Mr. LeMay:

We request administrative approval of an unorthodox location for our Jicarilla 452 #3, Pictured Cliffs formation gas well, located 370' FNL & 1620' FEL, Section 6, T29N, R3W, in Rio Arriba County, New Mexico. This well staking is 420 feet too close to the township line separating Section 6 of T29N, R3W and Section 31 of T30N, R3W. You will note from the enclosed topographic map that there is no other area for an economically buildable location in this quarter section due to the rough topography. Also enclosed is a lease map indicating that Robert L. Bayless is the operator of all surrounding 160 acre tracts to this well, as well as a well location and acreage dedication plat for this well.

If you need any further information in this regard, please advise.

Yours truly,

Kevin H. McCord  
Petroleum Engineer
