*(Continued)*

Gentlemen:

Nassau Resources, Inc., hereby requests administrative approval of an unorthodox location for the captioned well based upon topographic conditions and Carson National Forest requirements.

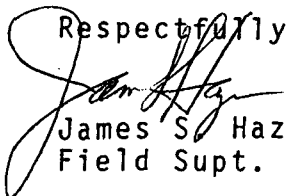

Due to the extremely rough terrain, this proposed location is the only suitable location on this lease.

This well is in Nassau's Carracas Unit. All offsetting operators, as shown on the attached lease plat, are being notified by copy of this Application by certified mail.

Also attached are production and topographic maps of the area and the C-102 Plat.

Please contact us if anything further is required to complete this application.

Respectfully submitted,

  
James S. Hazen  
Field Supt.

Dear James:

It was brought to my attention by Mike Atchison that you will be needing to apply for some unorthodox locations for some of the wells in the Carracas Unit. The current location in need of unorthodox approval is the well location just northwest of the Carracas Administrative site, Section 18, T. 32 N., R. 4 W. The need for moving the location to the new site is based upon wildlife habitat protection and in keeping within the guidelines set forth in the Carson Forest Plan. The Plan, as you know, has a major emphasis in wildlife and wildlife habitat. Also key to this request for moving the location is the current Off-Road-Vehicle restriction policy in place over the entire Carracas Unit. This restriction is in place to limit off-road-vehicle travel within a key wildlife management area so that security area will not be lost by unnecessary road construction.

Whenever possible, locations will be required to be placed along open access roads. Further unorthodox locations can be expected within the Carracas Unit to keep in line with the management direction set forth for this area.

Because of this management direction and the probability of future relocations, I would hope the approval of these unorthodox locations can become routine. If not, please don't hesitate to contact me for further help or if needed to appear in person before the approving officer. If you have any questions, please give me a call.

Sincerely,

*Philip R. Settles*

Re: Carracas Canyon Unit  
Applications for Unorthodox  
Locations

Gentlemen:

Pursuant to a discussion between Fran Perrin of our Farmington office and someone with your office, we have been requested to write to you and explain the relationship of Kindermac Partners, record title owner, and Nassau Resources, Inc., Operator, in the captioned unit and give an approval by Kindermac Partners as to any requests for Unorthodox Locations in the unit.

Kindermac Partners is one of the entities of this company. Jerome P. McHugh Jr. is General Partner of Kindermac Partners. Nassau Resources, Inc. is our Operating Affiliate and Jerome P. McHugh Jr. is the President. Therefore, Kindermac Partners and Nassau Resources, Inc. are part of the same company.

We request that this letter serve as authorization by Kindermac Partners to Nassau Resources, Inc. for any Applications for Unorthodox Locations for the Carracas Canyon Unit.

If you should need anything additional, please contact Randi Collins of this office.

Thank you.

Very Truly Yours,

*Jerry McHugh Jr.*
