Carracas Unit 19 B #1  
750' FNL - 400' FEL  
Sec. 19, Township 32 North, Range 4 West, NMPM  
Rio Arriba County, New Mexico

Gentlemen:

Nassau Resources, Inc., hereby requests administrative approval of an unorthodox location for the captioned well based upon Forest Service guidelines for development on the Carson National Forest, especially in the preservation of timber and in the off-road-vehicle restriction avoiding unnecessary road construction. This proposed location is only 384' from existing F.S. Road 218 and will require a minimum of new access road.

Attached is a copy of a topographic map as well as a copy of a letter from Philip Settles of the Jicarilla Ranger District of Carson National Forest indicating their guidelines for development.

This well is in Nassau's Carracas Unit. As indicated by the attached lease plat, all offsetting leases are owned by Kindermac Partners, Inc, an operating affiliate with Nassau Resources, Inc.

Also attached are the C-102 plat and production map.

Please contact us if anything further is required to complete this application.

Respectfully submitted,

*Fran Perrin*

Dear James:

It was brought to my attention by Mike Atchison that you will be needing to apply for some unorthodox locations for some of the wells in the Carracas Unit. The current location in need of unorthodox approval is the well location just northwest of the Carracas Administrative site, Section 18, T. 32 N., R. 4 W. The need for moving the location to the new site is based upon wildlife habitat protection and in keeping within the guidelines set forth in the Carson Forest Plan. The Plan, as you know, has a major emphasis in wildlife and wildlife habitat. Also key to this request for moving the location is the current Off-Road-Vehicle restriction policy in place over the entire Carracas Unit. This restriction is in place to limit off-road-vehicle travel within a key wildlife management area so that security area will not be lost by unnecessary road construction.

Whenever possible, locations will be required to be placed along open access roads. Further unorthodox locations can be expected within the Carracas Unit to keep in line with the management direction set forth for this area.

Because of this management direction and the probability of future relocations, I would hope the approval of these unorthodox locations can become routine. If not, please don't hesitate to contact me for further help or if needed to appear in person before the approving officer. If you have any questions, please give me a call.

Sincerely,

*Philip R. Settles*

Re: Carracas Canyon Unit  
Applications for Unorthodox  
Locations

Gentlemen:

Pursuant to a discussion between Fran Perrin of our Farmington office and someone with your office, we have been requested to write to you and explain the relationship of Kindermac Partners, record title owner, and Nassau Resources, Inc., Operator, in the captioned unit and give an approval by Kindermac Partners as to any requests for Unorthodox Locations in the unit.

Kindermac Partners is one of the entities of this company. Jerome P. McHugh Jr. is General Partner of Kindermac Partners. Nassau Resources, Inc. is our Operating Affiliate and Jerome P. McHugh Jr. is the President. Therefore, Kindermac Partners and Nassau Resources, Inc. are part of the same company.

We request that this letter serve as authorization by Kindermac Partners to Nassau Resources, Inc. for any Applications for Unorthodox Locations for the Carracas Canyon Unit.

If you should need anything additional, please contact Randi Collins of this office.

Thank you.

Very Truly Yours,

*Jerry McHugh Jr.*
