Jicarilla 464 #11
1770' FNL & 780' FWL
Section 31, T30N, R3W
Rio Arriba County, New Mexico

Dear Mr. LeMay:

We request ~~administrative approval of an unorthodox~~ location for our Jicarilla 464 #11 Pictured Cliffs formation gas well, located 1770' FNL & 780' FWL, Section 31, T30N, R3W, Rio Arriba County, New Mexico. This well is located in an irregular section and, therefore, cannot be located in standard statewide gas spacing. Besides, the topography in the area is very rugged, as shown in the enclosed topographic map, which causes this well to be staked at the above location.

You will also find enclosed a lease map indicating that Robert L. Bayless is the operator of all surrounding 160 acre tracts to this well other than the spacing units to the west of this well's spacing unit. As per NMOCD Regulations, by copy of this letter to offset leaseholders, we are asking that they waive any objection to this location.

Yours truly,

IN THE MATTER OF THE HEARING
CALLED BY THE OIL CONSERVATION
DIVISION FOR THE PURPOSE OF
CONSIDERING:

CASE NO. 9495
Order No. R-8774

APPLICATION OF ROBERT L. BAYLESS
FOR NINE NON-STANDARD GAS PRORATION
UNITS, RIO ARRIBA COUNTY, NEW MEXICO.

ORDER OF THE DIVISION

BY THE DIVISION:

This cause came on for hearing at 8:15 a.m. on October 12, 1988, at Santa Fe, New Mexico, before Examiner David R. Catanach.

NOW, on this 28th day of October, 1988, the Division Director, having considered the testimony, the record, and the recommendations of the Examiner, and being fully advised in the premises,

FINDS THAT:

(1) Due public notice having been given as required by law, the Division has jurisdiction of this cause and the subject matter thereof.

(2) The applicant, Robert L. Bayless, seeks an order establishing nine non-standard gas spacing and proration units for any and all formations and/or pools developed on 160-acre spacing, which includes but is not necessarily limited to the East Blanco-Pictured Cliffs Gas Pool, Cabresto-Gallup Gas Pool, and Campo-Gallup Gas Pool, in Sections 6, 7, 18, 19, 30, and 31 of Township 30 North, Range 3 West, and Sections 6 and 7 of Township 29 North, Range 3 West, all in Rio Arriba County, New Mexico, and described as follows:

Case No. 9495
Order No. R-8774

TOWNSHIP 30 NORTH, RANGE 3 WEST, NMPM

<u>UNIT</u>	<u>ACRES</u>	<u>DESCRIPTION</u>
1	168.42	Section 6: Lots 3, 4, and 9
2	133.39	Section 6: Lot 10

9	173.69	Section 7: Lots 1, 2, 3, and 4

(3) Evidence presented indicates that variations in legal subdivisions of the U.S. Public Lands Survey within the above-described area precludes the establishment of standard 160-acre spacing and proration units.

(4) The principal gas producing formations within the above-described area are the Pictured Cliffs and Gallup formations, both of which are currently subject to 160-acre gas spacing.

(5) The applicant is the operator of all the acreage described above and no offset operator objected to the establishment of the proposed non-standard gas spacing units.

(6) Approval of the subject application will ensure the orderly development of the acreage described above within the subject pools and should prevent waste and protect correlative rights.

IT IS THEREFORE ORDERED THAT:

(1) The application of Robert L. Bayless for the establishment of the following described non-standard gas spacing and proration units in the East Blanco-Pictured Cliffs Gas Pool, Cabresto-Gallup Gas Pool, Campo-Gallup Gas Pool, or in any and all formations and/or pools developed on 160-acre spacing in the subject area, Rio Arriba County, New Mexico, is hereby approved:

RE: Requests for Administrative Approval
of Unorthodox Locations for 4 Wells

Dear Mr. LeMay:

Please refer to our letters to you dated January 4, 1988
(sh/be 1989) regarding the following well locations:

Jicarilla 459 #9 - Section 19, T30N, R3W
Jicarilla 464 #9 - Section 30, T30N, R3W
Jicarilla 464 #10 - Section 30, T30N, R3W
Jicarilla 464 #11 - Section 31, T30N, R3W ✓

We have been advised by telephone that the offset lease-
holders, Cecelia Wirt Simms and Richard R. Simms referred to
in our previous correspondence, have gifted their holdings
to their children, Richard W. Simms and Mary S. Schutz, as
of January of this year. We have, therefore, sent copies of
our original letters requesting approval of unorthodox
location on each well listed above to Richard W. Simms and
Mary S. Schutz.

Hopefully, this will eliminate some confusion should you
receive the signed waivers from these two parties. If you
need any further information in this regard, please contact
me at your earliest convenience.

Yours truly,
