OIL CONSERVATION DIV.  
SANTA FE

Gentlemen:

This is a request for approval for an unorthodox gas well location in the Basin Fruitland Coal Pool.

The Simmons #1 well is located at 1960' from the North line and 1980' from the West line of Section 17, T-30-N, R-11-W, San Juan County, New Mexico. This well was plugged back from the Pictured Cliffs formation to the Fruitland Coal, and therefore is non-standard according to the rules.

A copy of this application is being submitted to all offset operators by certified mail with a request that they furnish your Santa Fe office with a Waiver of Objection, and return one copy to this office.

A plat showing the well location and offset operators are attached.

Sincerely yours,

Peggy Bradfield

encl.

WAIVER

\_\_\_\_\_ hereby waives objection to Southland Royalty's application for an unorthodox location for their Simmons #1 as proposed above.
