*Administrative Order NSL-2734*

Dear Ms. Bradfield:

Reference is made to your application of November 22, 1989 for a non-standard coal gas well location for your existing Ka Souse Well No. 1 located 1550 feet from the South line and 990 feet from the East line (Unit I) of Section 25, Township 26 North, Range 9 West, NMPM, Basin Fruitland Coal (Gas) Pool, San Juan County, New Mexico which is presently completed at a standard gas well location in the Ballard Pictured Cliffs Pool. The E/2 of said Section 25 shall be dedicated to the well forming a standard 320-acre gas spacing and proration unit for said pool.

By the authority granted me under the provisions of Rule 8 of the Special Rules and Regulations for the Basin-Fruitland Coal (Gas) Pool as promulgated by Division Order No. R-8768, the above-described unorthodox coal gas well location is hereby approved.

Sincerely,

A handwritten signature in black ink, appearing to read "William J. LeMay".
