*Administrative Order NSL-2852*

Dear Sir or Madam:

Reference is made to your application dated May 8, 1990 for a non-standard coal gas well location for your Angel Peak "14-L" Well No. 6 to be located 1835 feet from the South line and 640 feet from the West line (Unit L) of Section 14, Township 27 North, Range 10 West, NMPM, Basin Fruitland Coal (Gas) Pool, San Juan County, New Mexico. The S/2 of said Section 14 shall be dedicated to the well forming a standard 320-acre gas spacing and proration unit for said pool.

By the authority granted me under the provisions of Rule 8 of the Special Rules and Regulations for the Basin-Fruitland Coal (Gas) Pool as promulgated by Division Order No. R-8768, the above-described unorthodox coal gas well location is hereby approved.

Sincerely,
