Re: West Lovington Unit  
Well No. 68  
Lea County, NM

Dear Mr. Stogner:

Enclosed please find the letter signed on behalf of Mobil whereby they consent to our Well No. 68 well location. This is the only offsetting owner we needed approval from covering Well Number 68.

Very truly yours,

Michael J. Newport  
Landman

*RE: Application for non-standard location: West Lovington Unit Well No. 68, 1335' FNL - 1280' FWL, E-7-T17S-R36E, Lea County, New Mexico.*

Dear Mr. Newport:

We may not process the subject application for a non-standard location until the required information or plat(s) checked below are submitted.

- A plat must be submitted clearly showing the ownership of the offsetting leases.
- A statement must be submitted that offset operators have been notified of the application by certified mail.
- A plat must be submitted fully identifying the topography necessitating the non-standard location.

RE: West Lovington  
Lea County, New Mexico

Reference is made to the request for an unortodox location covering Wells Nos. 67, 68, 69, 70, 71, 72, 73 and 74. I have contacted the offset operators and the following is a status report.

Well No. 70 - Contacted Yates Energy. I am enclosing the receipt which shows they received notification on September 4, 1990. The 20-day period would allow Greenhill to be issued a Permit on September 24, 1990.

Well No. 71 - Contacted Texaco. I am enclosing the receipt which shows they received notification on 8/27/90. The 20-day period would allow Greenhill to be issued a permit on 9/16/90.

Wells Nos. 73, 74 - Exxon has been notified on 8/29/90 of the location. They are a partner with us on the project. They have agreed to the drilling. The 20-day period would allow us to receive a permit for 73 and 74 on 9/18/90.

Greenhill has contracted two rigs to drill these wells and is waiting on approved permits. Your cooperation in obtaining these permits on the dates summarized will be greatly appreciated.

Very truly yours,

Michael J. Newport  
Landman
