Re: Unorthodox Gas Well Location for Sarah Phillips #1
located 330' FSL, 2310' FWL, Sec. 33, T-19S, R-37E

AHC seeks approval for an unorthodox well location for the Sarah Phillips #1 in the Eumont Yates Seven Rivers Queen zone on a previously approved non-standard proration unit of 240 acres. The Sarah Phillips Gas Comm #2 was previously the Eumont producer for the 240 acre unit but collapsed casing in the well made it impossible to produce. The 240 acre unit is comprised of Units E, K, L, M, N, O of Section 33, Township 19 South, Range 37 East of Lea County, New Mexico. The Sarah Phillips #1 is presently a temporarily abandoned G/SA well which could be completed to the Eumont gas zone if approval is granted.

Offset operators have been notified of this proposal and have been requested to sign a waiver to expedite this request.

Sincerely,

Denise Wann

OFFSET OPERATORS

Amerada Hess Corporation requests your approval of the unorthodox gas well location for the Sarah Phillips #1. By approving this waiver, work could commence for immediate recompletion of this well to the Eumont zone.

Thank you in advance for your prompt attention to this matter.

Sincerely,

A handwritten signature in cursive script that reads "Denise Wann".
