Re: B.V. Culp #12
1322' FNL & 990' FWL
Unit E, Sec. 19, T-19-S, R-37-E
Lea County, New Mexico

Dear Mr. Stoggner:

I am requesting an Application for an Unorthodox Well Location and a Non-Standard Spacing Unit for the above mentioned property. It is my understanding that you spoke with Mr. Jerry Sexton on May 9, 1995 and the above request has been verbally approved. The following is a brief evaluation for the requested location:

An on-site inspection of the location confirmed that there is an existing well at the legal location in Unit E, Section 19, T-19-S, R-37-E. The well is the Chevron B.V. Culp #5 therefore the location for the David H. Arrington Oil & Gas, Inc. B.V. Culp #12 had to be staked at an unorthodox location in Unit E.

If you need anything further to proceed with your consideration of this application, please notify the undersigned.

Sincerely,

Sheryl S. Jordan
