Re: Application for Non-Standard Location  
(Parker & Parsley Petroleum Company)  
(Rosa Unit #312)  
1490' FSL 230' FWL Sec. 28-T31N-R4W  
Basin Fruitland Coal Gas Pool  
Rio Arriba County, New Mexico

Gentlemen:

We, on behalf of Parker & Parsley Petroleum Company, hereby make application for approval of the location of the Rosa Unit #312 well to be located 1490 FSL 230' FWL of Section 28, Township 31 North, Range 4 West, Basin Fruitland Coal Gas Pool, Rio Arriba County, New Mexico.

The reason for the non-standard location is due to topographical and archaeological conditions.

An attempt was made to locate the well farther east in the edge of the timber at the base of the hill, but archaeological conditions prevent a location at that site.

The attached exhibits show the situation at the location and surrounding area.

All offset operators and lease owners are being notified by certified mail at this mailing. The Return Receipt Cards will be provided when they are returned.

It is my belief that the information contained in this application is true and correct according to the information available to me.

If further information is needed, please contact me.

Yours very truly,

  
A. R. Kendrick

## **Exhibits for Application for Non-Standard Location**

**Parker & Parsley Petroleum Company**  
**Rosa Unit #312**  
1490' FSL 230' FWL, Sec 28-T31N-R4W  
Basin Fruitland Coal Gas Pool  
Rio Arriba County, New Mexico

The following exhibits are enclosed :

- EXHIBIT A** Form C-102, Well Location and Acreage Dedication Plat, showing the location of the well with respect to the section lines, the dedicated acreage, and the proration unit.
- EXHIBIT B** Enlarged copy of Topographic Map showing the location.
- EXHIBIT C** Ownership and Offset Well Location Plat showing the location and ownership and offset wells.
- EXHIBIT D** Location Windows Plat showing the "windows" for standard locations as provided by Order R-8768 with the #312 well spotted.
- EXHIBIT E** Copy of Application for Permit to Drill.
- EXHIBIT F** On-Site Inspection report showing the findings of the On-Site Inspection.
- EXHIBIT G** List of names and addresses of offset owners and other interested parties.

**Basin Fruitland Coal Gas Pool**

**Rio Arriba County, New Mexico**

**During our supervised On-Site Inspection, we found the following to exist:**

**The U.S. Forest Service suggested that the location be placed with as little environmental damage as possible.**

**This is the only area in the southwest quarter of Section 28 that is ecologically satisfactory.**

**We attempted to locate the well farther east between the drainages, but encountered an archaeological site which prevented the use of that area.**

**A location in the standard location window would be in extreme topography and the construction and maintenance costs would be excessive.**

**This location would cause minimal environmental damage; and, does not crowd any well inside or outside of Section 28.**
