LEA COUNTY, NEW MEXICO**

Gentlemen:

Mobil Exploration & Producing U.S. Inc. (MEPUS), as Agent for Mobil Producing Texas & New Mexico Inc., respectfully requests authority to recomplete the subject well to the South Shoebar Upper Pennsylvanian pool at an unorthodox location.

This request is necessary, as required by the South ShoeBar Upper Pennsylvanian Pool Field Rules, due to the well being more than 150 feet of the center of a governmental quarter-quarter section.

The following items are being submitted, in triplicate, in support of this request:

1. Form C-101 - Application for Permit to Drill, Deepen or Plug Back;
2. Form C-102 - Well location and acreage dedication plat;
3. Certified plat showing offset operators and wells;
4. Copy of Certified letter to Offset Operators.

Lovington Deep Amoco State Well #2

5. Drilling Procedure & Wellbore sketches

A copy of this letter and attachments are being furnished to the offset operators by certified mail, as notice of this application.

The original well was drilled on a standard oil well location within a standard 80-acre oil spacing unit under the proposed Special Pool Rules; therefore, MEPUS requests that this unorthodox location be administratively approved.

If any additional information is needed, please contact Judy Dixon at (915) 688-2452.

Yours truly
