Attention: Betty Gildon

*Administrative Order NSL-3158*

Dear Ms. Gildon:

Reference is made to your application dated August 25, 1992 for a non-standard Red Hills - Wolfcamp gas well location for your existing Brinninstool "21" Federal Well No. 1 which was drilled in 1987 and completed in the Red Hills Morrow Gas Pool at a standard gas well location 660 feet from the South line and 1980 feet from the East line (Unit O) of Section 21, Township 25 North, Range 33 East, NMPM, Lea County, New Mexico.

It is my understanding that the Morrow zone was recently plugged back and said well was recompleted to the Undesignated Red Hills - Wolfcamp Gas Pool, which pursuant to the Special Rules and Regulations for the Red Hills - Wolfcamp Gas Pool as promulgated by Division Order No. R-3073, is unorthodox. Further, all of said Section 21 shall be dedicated to the well forming a standard 640-acre gas spacing and proration unit for said pool.

By the authority granted me under the provisions of Division Memorandum No. 4-86 and the Special Rules and Regulations for the Red Hills - Wolfcamp Gas Pool, the above-described unorthodox gas well location is hereby approved.

Sincerely,

WILLIAM J. LEMAY  
Director
