Attn: Mr. Michael Stogner

Dear Mr. Stogner:

Union Oil Company of California (UNOCAL) requests permission for a nonstandard location for our Rincon Unit No. 130E well, located 2040' FSL, 2060' FEL, Section 32, T27N, R6W, Rio Arriba County, New Mexico.

This well is a proposed dual South Blanco Tocito Extension/Basin Dakota well. In order to place this well within the narrow South Blanco Tocito drilling window (shown on Attachment A), this well was staked 210' west of the orthodox Basin Dakota window. This places the well deeper within the Rincon Unit and further from offset leases.

The dedicated spacing unit is shown on Attachment B. The offset lease owner, Caulkins Oil Company, has waived any objection to this nonstandard location. This letter of waiver is also attached.

If you have any questions, please contact Dana Delventhal at (505)326-7600. Thank you for your help in this matter.

Sincerely,

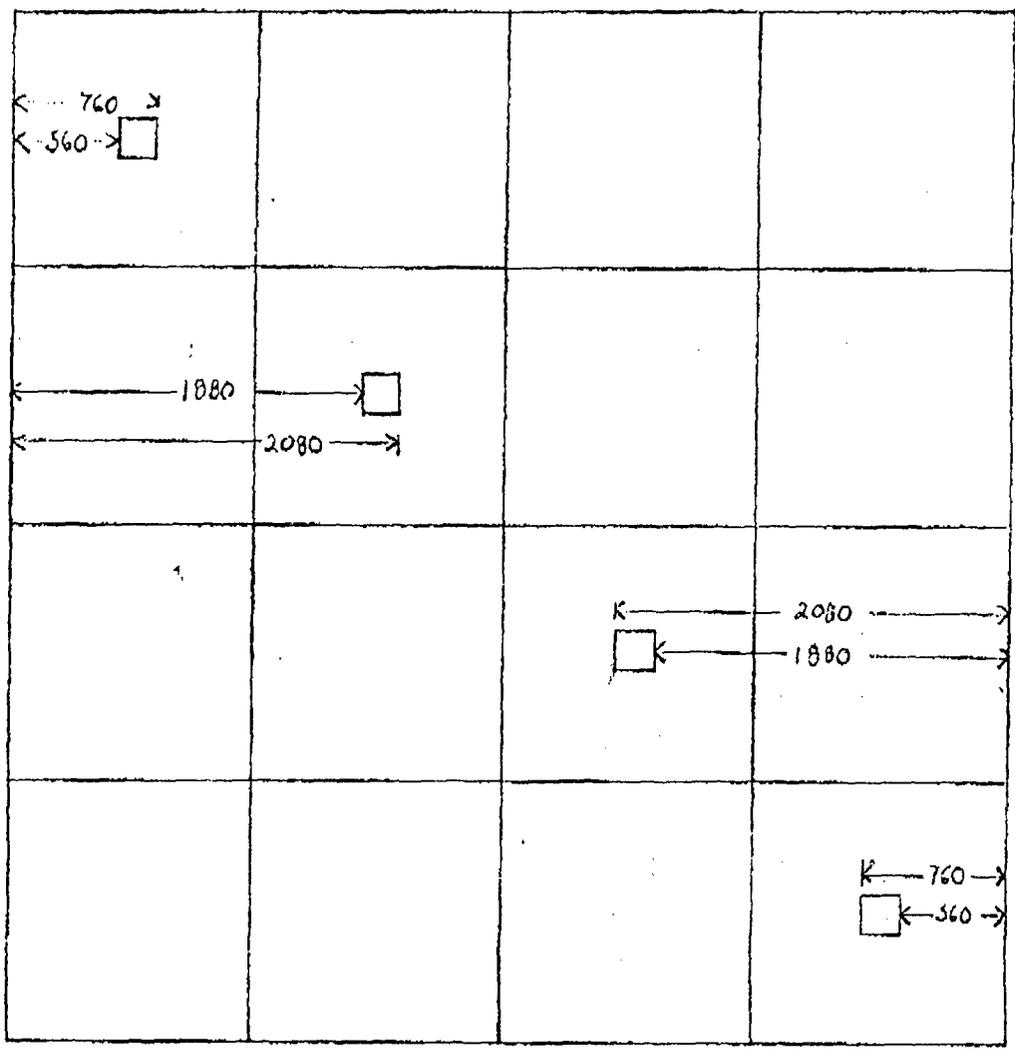

Union Oil Company of California
dba UNOCAL

William L. Irwin
District Petroleum Engineer

SPECIAL OIL SPACING

Each well drilled into the South Blanco Tocito pool shall be located in the center of the NW/4 or SE/4 of a governmental 1/4 section, with a tolerance of 100' in any direction to avoid surface obstructions.

Attn: Mr. Charles Verquer

Dear Mr. Verquer:

Union Oil Company of California (UNOCAL) has staked the Rincon Unit No. 130E, a dual Basin Dakota and South Blanco Tocito well in the SE/4 of Section 32, T27N, R6W, Rio Arriba County, New Mexico. In order to place this well within the narrow South Blanco Tocito drilling window, this well will be at an unorthodox location for the Basin Dakota pool. The location will be 210 feet west of the Dakota drilling window, which places it further from your leases.

I have included a copy of the C-102 for your review. If you have no objection to this unorthodox location, please sign and return the enclosed copy of this letter at your earliest convenience. We appreciate your help in this matter.

Sincerely,

Union Oil Company of California
dba UNOCAL

Dana Delventhal
Petroleum Engineer
