Administrative Order NSL-3208

Dear Mr. O'Hare:

Reference is made to your application dated November 6, 1992 for a non-standard coal gas well location for your Federal 28-8-30 Well No. 1 to be located 1610 feet from the North line and 760 feet from the East line (Unit H) of Section 30, Township 28 North, Range 8 West, NMPM, Basin Fruitland Coal Gas Pool, San Juan County, New Mexico. The E/2 of said Section 30 shall be dedicated to the well forming a standard 320-acre gas spacing and proration unit for said pool.

By the authority granted me under the provisions of Rule 8 of the Special Rules and Regulations for the Basin-Fruitland Coal (Gas) Pool as promulgated by Division Order No. R-8768, as amended, the above-described unorthodox coal gas well location is hereby approved.

Sincerely,
