**Subject:** RE: Approvals of ICPs for the ROC EME Gaither Boot site and the ROC BD Jct F-25-2 site

Dear Ms. Pope:

Please accept this amended approval to reflect the correct site names.

The NMOCD has reviewed the submitted Investigation Characterization Plans (ICPs), dated July 17, 2006, for the above referenced sites. The NMOCD hereby approves the following ICPs for the Rice Operating Company sites:

1. BD SWD Jct. F-25-2 by Arcadis on 7/17/2007 #1R426-109
2. EME SWD Gaither Boot by Arcadis on 7/17/2007 #1R427-172

Also, please be advised that NMOCD approval of these plans does not relieve the owner/operator of responsibility should operations pose a threat to ground water, surface water, human health or the environment. In addition, NMOCD approval does not relieve the owner/operator of responsibility for compliance with any OCD, federal, state, or local laws and/or regulations.

If you have questions regarding this matter, please contact me at 505-476-3489.

Ed,

8/14/2007

I believe this approval should be for the BD jct. F-25-2 submitted by Arcadis on 7/17/2007.

The ICP for the BD jct. F-25-1 site was submitted by Arcadis on 7/12/2007. ROC received a verbal approval for this ICP during our July 18 meeting. You confirmed OCD approval for this ICP via email on 8/6/2007 in which you also assigned a case number of 1R426-10.

Please confirm. Thanks.

Kristin
