Attention: Mr. Michael E. Stogner

Gentlemen:

An exception, by administrative approval, to Rule 104 F.I. is requested for the captioned wells. Rhodes Yates Unit Well No. 17 is on State land and the remaining wells are on Federal minerals.

The wells must be drilled in these locations to ensure proper development on 20-acre spacing to recover additional reserves in an established waterflood. These reserves could not be recovered with the current 80-acre, 5-spot pattern.

Texaco is the only "affected" offset operator to the Rhodes Yates Unit Well No. 17, the W. H. Rhodes Federal "A" Well No. 7, and the W. H. Rhodes Federal "B" NCT-1 Well No. 25, and we grant ourselves a waiver to this request. There are no "affected" offset operators to the remaining wells.

Attached are Forms C-102, showing the location for each well and a lease plat showing the existing wells.

Yours very truly,

C. P. Basham / CWH
