Re: Application for Unorthodox Well Location
Mexico "W" #2
Eumont Yates Seven Rivers Queen Gas Pool
Unit P, Sec.2, T21S, R35E
Lea County, New Mexico

Gentlemen:

Texaco respectfully requests administrative approval for an unorthodox well location for the subject well. Mexico "W" #2 is located 330' FEL of the section, and recompletion of this Eumont Yates Seven Rivers Queen Oil well to the overlying gas pool will now make this location too close to the section boundary. A map of the subject well with offset tracts, ownership, and wells is attached.

Additionally, we request approval to simultaneously dedicate this well to the 320-acre proration unit currently assigned to Mexico "W" #1 (Unit X of same section).

All offset operators have been notified of the proposed unorthodox well location and simultaneous dedication by copy of this letter.

Sincerely,

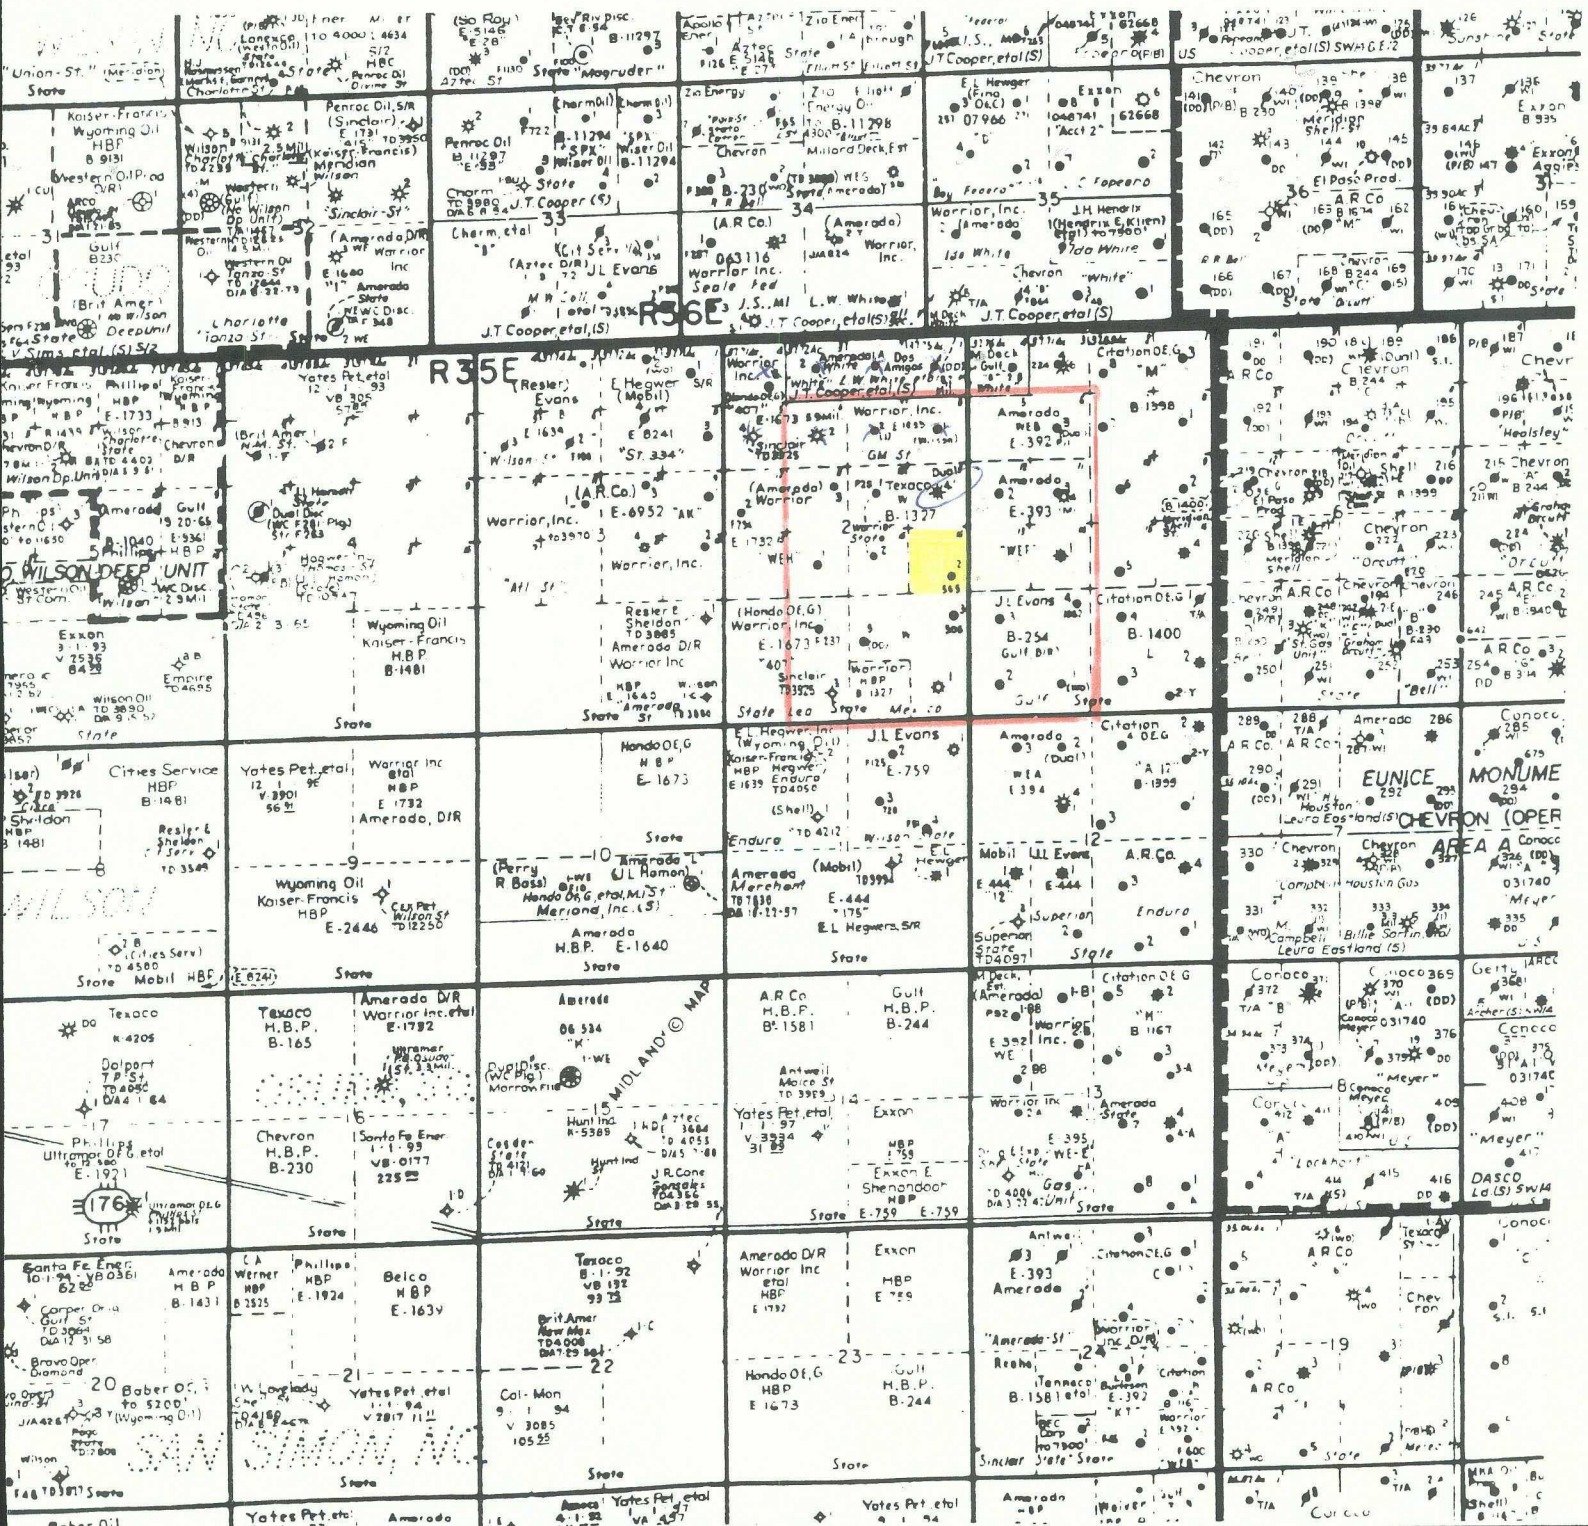

Terry L. Frazier
Hobbs Area Manager
