Santa Fe, New Mexico 87504

Attention: Mr. William J. LeMay - Director

Gentlemen:

Chevron U.S.A. Inc. respectfully requests administrative approval for an unorthodox gas well location on the J. N. Carson NCT-C well # 2 and simultaneous dedication with the J. N. Carson NCT-C well # 6.

Well # 6 is dedicated to an existing non-standard gas proration unit, approved by Administrative Order NSP-1653(NSL) dated November 30, 1992. The unit is 80 acres, which consists of the SE/4 SE/4 Section 28 and the NE/4 NE/4 of Section 33, T21S, R37E. Well # 6 is located 330' FSL and 965' FEL (Unit P) of Section 28, T21S, R37E and well # 2 is located 460' FNL and 635' FEL (Unit A) of Section 33, T21S, R37E.

Well # 2 was originally completed as a Drinkard producer in 1947 and assigned to the Central Drinkard Unit as well # 127 in 1965. The well was released from the Unit in February 1993 and a recompletion into the Blinebry is now planned. The closest Blinebry well is Chevron's J. N. Carson NCT-C # 6, approximately 860' north.

NSP-1621(NSL)  
Blinebry Oil & Gas Pool

-2-

February 4, 1994

Attached is a plat outlining the proration unit with the location of wells 2 and 6, and a map showing all offset properties and wells.

Chevron U.S.A. Inc. has mailed, by certified mail, a copy of this application to the offset Operators.

In view of the facts submitted, Chevron U.S.A. Inc. requests that administrative approval of this request be granted. If additional information is required, please contact me at (915) 687-7152.

Sincerely,

Lloyd V. Trautman  
Sr. Petroleum Engineer

1. Outline the acreage dedicated to the subject well by colored pencil or hatchure marks on the plat below.

2. If more than one lease is dedicated to the well, outline each and identify the ownership thereof (both as to working interest and royalty).

3. If more than one lease of different ownership is dedicated to the well, have the interest of all owners been consolidated by communitization, unitization, force-pooling, etc.?

☐ Yes

☐ No

If answer is "yes" type of consolidation

If answer is "no" list the owners and tract descriptions which have actually been consolidated. (Use reverse side of this form if necessary.)

No allowable will be assigned to the well until all interests have been consolidated (by communitization, unitization, forced-pooling, or otherwise) or until a non-standard unit, eliminating such interest, has been approved by the Division.
