Application For Unorthodox Location
State Gas Com D Well #5
1910' FNL & 1545' FWL, Section 32-T27N-R8W
Blanco Mesaverde Pool
San Juan County, New Mexico

Amoco Production Company hereby requests administrative approval for an unorthodox well location for the State Gas Com D Well #5 well in the Blanco Mesaverde Pool. Amoco has recently recompleted this well from the Basin Dakota to the Blanco Mesaverde. The spacing unit for this well is the W/2 Section 32. Approval for this unorthodox location is required since the well does not conform to the Blanco Mesaverde location requirements to be more than 790' from the perimeter of the quarter section.

A copy of this application will be submitted to the offset operators by certified mail with a request that they furnish your Santa Fe office with a Waiver of Objection, and return one copy to this office. Attached is a plat showing the location of the well, offset Mesaverde operators, and all Mesaverde wells drilled in the area.
