Application For Unorthodox Location
Gallegos Canyon Unit #83E Well
1120' FNL, 1850' FWL, Section 26-T28N-R12W
Simpson Gallup Extension Pool
San Juan County, New Mexico

Amoco Production Company hereby requests administrative approval for an unorthodox well location for the Gallegos Canyon Unit #83E well in the Simpson Gallup Extension Pool. Amoco has recently plugged back this well from the Basin Dakota Pool. The spacing unit for this well is the E/2 NW/4 Section 26. Approval for this unorthodox location is required since the well does not conform to the Simpson Gallup location requirements to be within 150' of the center of the quarter-quarter section.

Attached are plats showing the location of the well, offset operators, and wells drilled in the area. Amoco is the only offset operator affected by this application.

J. W. Hawkins
