*Administrative Order NSL-3536*

Dear Ms. Parker:

Reference is made to your application on behalf of the operator, Wiser Oil Company, by letter dated May 3, 1995 for a non-standard oil well location for the purpose of completing an efficient production/injection pattern within the Caprock Maljamar Unit Waterflood Project Area, established by Division Order No. R-10094, dated April 5, 1994.

It is our understanding that the proposed Caprock Maljamar Unit Well No. 159 is to be drilled 47 feet from the South line and 1358 feet from the East line (Unit O) of Section 13, Township 17 South, Range 33 East, NMPM, Maljamar Grayburg-San Andres Pool, Caprock Maljamar Unit Area, Lea County, New Mexico.

The SW/4 SE/4 of said Section 13 shall be dedicated to said well forming a standard 40-acre oil spacing and proration unit.

By the authority granted me under the provisions of General Rule 104 F(1), the above-described unorthodox oil well location is hereby approved.

Sincerely,

A handwritten signature in black ink, appearing to read "William J. LeMay".
