**Administrative Order NSL-5833**

**Re: MC Federal Well No. 29  
API No. 30-025-  
Unit K, Section 21-17S-32E  
Lea County**

Dear Ms. Edwards:

Reference is made to the following:

(a) your application (**administrative application reference No. pKVR08-12160185**) submitted to the New Mexico Oil Conservation Division (the Division) in Santa Fe, New Mexico on April 30, 2008, and

(b) the Division's records pertinent to this request.

COG Operating, LLC (COG) has requested to drill the above-referenced well at an unorthodox oil well location, 2410 feet from the South line and 1650 feet from the West line (Unit K) of Section 21, Township 17 South, Range 32 East, N.M.P.M., in Lea County, New Mexico. The NE/4 SW/4 of Section 21 will be dedicated to this well in order to form a standard 40-acre spacing unit in the West Maljamar-Yeso Pool (44500). This pool is governed by statewide Rule 104.B(1), which provides for 40-acre units, with wells located at least 330 feet from a unit outer boundary. This location is less than 330 feet from the northern unit boundary.

Your application has been duly filed under the provisions of Division Rules 104.F and 1210.A(2).

It is our understanding that you are seeking this location in order to comply with United States Bureau of Land Management surface siting requirements, and to avoid conflict with an existing pipeline.

May 30, 2008

Page 2

It is also understood that notice of this application to offsetting operators or owners is unnecessary because of common ownership.

Pursuant to the authority conferred by Division Rule 104.F(2), the above-described unorthodox location is hereby approved.

This approval is subject to your being in compliance with all other applicable Division rules, including, but not limited to Division Rule 40.

Jurisdiction of this case is retained for the entry of such further orders as the Division may deem necessary.

Sincerely,

A handwritten signature in black ink, appearing to read 'Mark E. Fesmire', with a long horizontal flourish extending to the right.

Mark E. Fesmire, P.E.  
Director
