**Subject:** AP-58 - Santa Rita EOL Release Site

Dear Ms. Pope:

The New Mexico Oil Conservation Division (NMOCD) has recently received public comments regarding the above-referenced Abatement Plan. The comments from the surface owner include the need for increased removal of chloride contaminated soils and the need to pump and treat the contaminated groundwater for use on the land. Please amend the Abatement Plan to address these issues.

If you have any questions regarding this matter, please call me at 505-476-3489.

Edward J. Hansen
