Re: Section 18, Township 23 North, Range 25 South  
Eddy County, New Mexico  
Application for Unorthodox Location

Gentlemen:

You are hereby notified that Synergex, Inc. has made application to the Oil Conservation Division of the State of New Mexico for administrative approval for an unorthodox location pursuant to Rule 104.

A copy of the application, including attachments, is provided for your convenience.

The Division Director may approve the relief requested if no offset owner has entered an objection within twenty (20) days. Any objection must be forwarded within twenty (20) days to the New Mexico Oil Conservation Division, 2040 South Paecho, Santa Fe, New Mexico 87505.

Please feel free to contact me should you have questions about this matter.

Sincerely,

A handwritten signature in black ink, appearing to read 'G. Garbacz', written over a horizontal line.

Gary J. Garbacz  
Vice President

Re: N/2 Section 18-T23S-R25E  
Eddy County, New Mexico  
Application for Administrative Approval  
of Unorthodox Location of Synergex, Inc.

Dear Ms. Davidson:

Synergex, Inc., successor by name change to Bledsoe Partners, Inc., is the operator of the Dark Canyon Unit comprising all of Section 18, Township 23 South, Range 25 East, Eddy County, New Mexico.

The purpose of this letter is to request administrative approval of an unorthodox located 660' from the north line and 660' from the west line of Section 18 pursuant to Rule 104 of the Rules and Regulations of the Oil Conservation Division of the State of New Mexico. This unit is composed entirely of Federal leases and originally produced from the Morrow formation. Production ceased from the Morrow and the communitization agreement was terminated. The leases are extended through April, 1996. Plans are to re-enter the well and test the Strawn/Canyon formations between the depths of approximately 8,500 to 8,600 feet.

Approval was originally granted for an unorthodox location for the Morrow formation by Order of the Oil Conservation Division dated December 3, 1974, in Case No. 5373, Order No. R-4933. A copy of that Order is attached.

The attached plat sets forth the ownership of the offset leasehold and the producing wells on such leasehold. The only producing well on any of the six sections is the Rock Tank #1 located in the northwest quarter of Section 7. The Rock Tank Unit is a 2,285 acre unit which produces from the Morrow formation. Ownership of the South Half (S $\frac{1}{2}$ ) of Section 18 is common with the North Half (N $\frac{1}{2}$ ).

Ms. Florene Davidson  
September 13, 1995  
Page2

The Strawn/Canyon formations are currently not spaced in Section 18. If productive, the unit will consist of the North Half (N½) of Section 18. The Communitization Agreement is currently being circulated.

Notice is being mailed to each of the offset leasehold owners and to the non-operators in the Rock Tank Unit, notifying them of this application as required by the applicable rules and regulations. A copy of the notice and certified mail receipts is included.

Please feel free to contact me should you have any questions or require additional information. Your assistance is greatly appreciated.

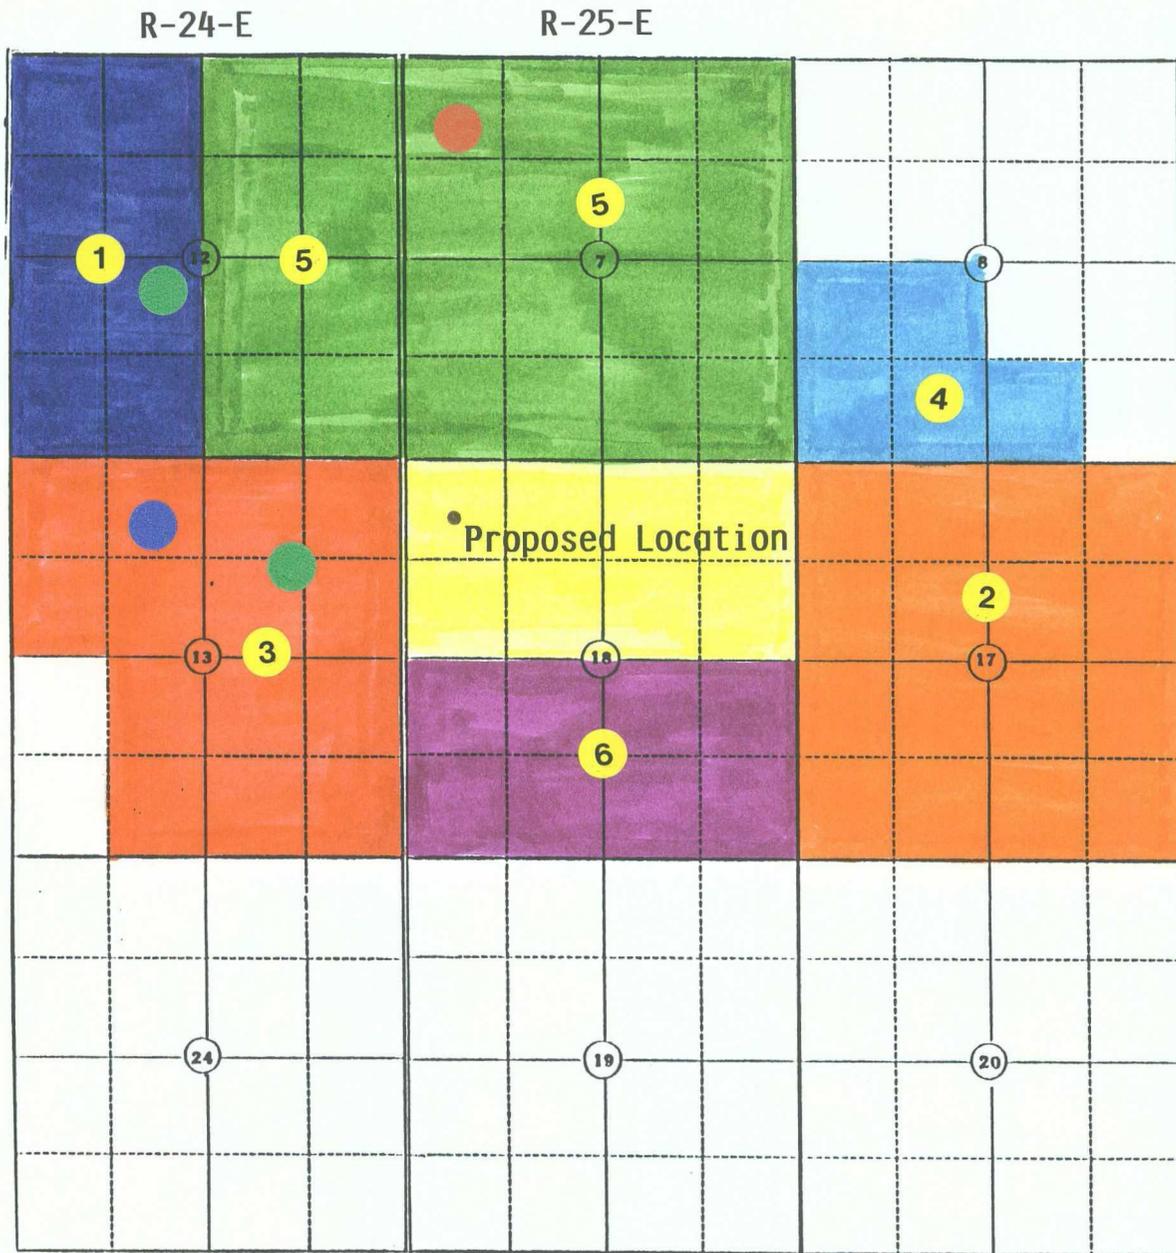

Very truly yours,

A handwritten signature in black ink, appearing to read "Steve Stichman", with a horizontal line extending from the end of the signature.

Steve Stichman

IN THE MATTER OF THE HEARING  
CALLED BY THE OIL CONSERVATION  
COMMISSION OF NEW MEXICO FOR  
THE PURPOSE OF CONSIDERING:

CASE NO. 5373  
Order No. R-4933

APPLICATION OF MONSANTO COMPANY  
FOR AN UNORTHODOX LOCATION,  
EDDY COUNTY, NEW MEXICO.

ORDER OF THE COMMISSION

BY THE COMMISSION:

This cause came on for hearing at 9 a.m. on November 26, 1974, at Santa Fe, New Mexico, before Examiner Daniel S. Nutter.

NOW, on this 3rd day of December, 1974, the Commission, a quorum being present, having considered the testimony, the record, and the recommendations of the Examiner, and being fully advised in the premises,

FINDS:

- (1) That due public notice having been given as required by law, the Commission has jurisdiction of this cause and the subject matter thereof.
- (2) That the applicant, Monsanto Company, seeks approval of an unorthodox gas well location to test the Morrow formation at a point 660 feet from the North line and 660 feet from the West line of Section 18, Township 23 South, Range 25 East, NMPM, Rock Tank Gas Field, Eddy County, New Mexico.
- (3) That all of said Section 18 is to be dedicated to the well.
- (4) That a well at said unorthodox location will better enable applicant to produce the gas underlying the proration unit.
- (5) That no offset operator objected to the proposed unorthodox location.
- (6) That approval of the subject application will afford the applicant the opportunity to produce its just and equitable share of the gas in the subject pool, will prevent the economic loss caused by the drilling of unnecessary wells, avoid the augmentation of risk arising from the drilling of an excessive number of wells, and will otherwise prevent waste and protect correlative rights.

IT IS THEREFORE ORDERED:

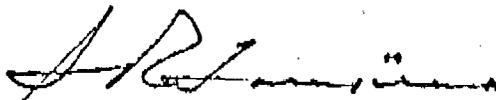

(1) That an unorthodox gas well location for the Morrow formation is hereby approved for a well to be located at a point 660 feet from the North line and 660 feet from the West line of Section 18, Township 23 South, Range 25 East, NMPM, Rock Tank Gas Field, Eddy County, New Mexico.

(2) That all of said Section 18 shall be dedicated to the above-described well.

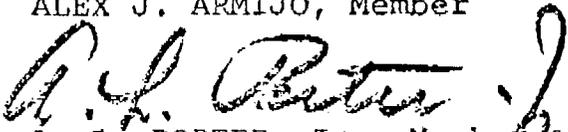

(3) That jurisdiction of this cause is retained for the entry of such further orders as the Commission may deem necessary.

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.

Eddy County, New Mexico  
Application for Administrative Approval  
of Unorthodox Location of Synergex, Inc.

Dear Ms. Davidson:

This letter is to follow up my letter of September 13, 1995, requesting administrative approval of an unorthodox location at the referenced section. Enclosed for your records are copies of the return receipts indicating that notice has been received by all necessary parties.

Please note that latest date of receipt was September 22nd.

Should you have any questions, please feel free to contact me.

Very truly yours,

  
Steve Stichman

Re: Dark Canyon  
N/2 Section 18, T-23-S, R-25-E, NMPM  
Eddy County, New Mexico

Mr. William J. LeMay, Director  
State of New Mexico  
Energy, Minerals & Natural Resources Dept.  
Oil Conservation Division  
2040 S. Pacheco  
Santa Fe, New Mexico 87505

Dear Mr. LeMay:

Reference is made to Administrative Order NSL-3597 (NSP) in your correspondence dated November 14, 1995, to Synergex, Inc. of Oklahoma City, Oklahoma (copy enclosed). In said letter you advised Synergex, Inc., as then operator of the Dark Canyon well no. 1 (API 30-015-21439), that the previously approved non-standard gas well location at 660' from north and west lines of Section 18, T-23-S, R-25-E, NMPM, Eddy County, New Mexico, was therein approved for additional spacing and pooling requirements in the then requested Canyon/Strawn formations.

ICA Energy, Inc. has purchased and succeeded to all leasehold interest of Synergex, Inc. (also known as Bledsoe Petro Corporation and Bledsoe Partners, Inc.) of federal leases NM-0100958 and NM-0100958-A covering the N/2 of said Section 18, effective February 1, 1996.

ICA and its operating affiliate, Mineral Technologies, Inc. of Midland, Texas ("MTI"), is proposing to reenter the Dark Canyon well for the purposes of re-completion of production in commercial quantities in order to facilitate lease maintenance on the subject property. As the lease is currently in a two year extension provision from the BLM and inasmuch as the subject leases will terminate on April 11, 1996, pending actual production from the subject wellbore, ICA requests your immediate concurrence of approved location and formation spacing for ICA/MTI to attempt to recomplete either the Morrow, Canyon or Strawn formations accordingly. ICA is going to attempt to establish production from one of these three zones, it being understood that the spacing and designation for the Morrow having previously been approved by your Commission, in the subject property. Failing reestablishment in the known Morrow ICA will, of course, attempt a recompletion in the Canyon/Strawn and as we believe that your previous correspondence and order dated November 14, 1995, is approved, we do ask you to, once again, ratify same for our records accordingly.

Inasmuch as the lease maintenance provision herein is critical, we ask that, if possible, you fax your reply to ICA's offices with a toll free fax number of 1-800-511-5850 or, if any further requirements are needed from our office, you please request same from the undersigned at the above address and fax number.

We look forward to hearing from you in this regard and thank you in advance for your assistance in this urgent lease matter.

Sincerely,

A handwritten signature in black ink that reads "Curtis N. Leonard". The signature is written in a cursive style with a large initial "C".

Curtis N. Leonard  
Counsel/Land Manager

*Administrative Order NSL-3597(NSP)*

Dear Mr. Stichman:

Reference is made to your application dated September 13, 1995, on behalf of the operator Synergex, Inc., successor by name change to Bledsoe Partners, Inc., for a non-standard Canyon/Strawn gas well location for the existing Bledsoe Petro Corporation Dark Canyon Well No. 1 (API No. 30-015-21439), which was drilled in 1974 to a total depth of 10,405 feet and completed in the Rock Tank-Morrow Gas Pool at a previously approved non-standard gas well location (Division Order No. R-4933, dated December 3, 1974) 660 feet from the North and West lines (Lot 6/Unit D) of Section 18, Township 23 South, Range 25 East, NMPM, Eddy County, New Mexico.

It is our understanding that the Morrow formation in said well will be plugged off and abandoned and recompleted up-hole to test the Canyon and Strawn formations, which pursuant to Division General Rules 104.B(1)(a) and C(2)(b), is also unorthodox. Further, Lots 5 through 8 and the NE/4 (N/2 equivalent) of said Section 18 shall be dedicated to the well forming a non-standard 328.50-acre gas spacing and proration unit for said intervals.

By the authority granted me under the provisions of Division General Rules 104.F(1) and 104.D(2), the above-described unorthodox gas well location and non-standard gas spacing and proration unit are hereby approved.

Said Original Order No. R-4933 shall be placed in abeyance until further notice.

Sincerely,

A handwritten signature in black ink, appearing to read "William J. LeMay".

RE: Division Administrative Order NSL-3597 (NSP)

Dear Mr. Leonard:

Per your letter dated March 12, 1996, the subject order by the Division dated November 14, 1995, authorized the operator of the Dark Canyon Well No. 1 (API No. 30-015-21439), located at an unorthodox gas well location 660 feet from the North and West lines (Lot 6/Unit D) of Section 18, Township 23 South, Range 25 East, NMPM, Eddy County, New Mexico, to recomplete from the Morrow formation to the Canyon and Strawn formations to test for gas production within a proposed 328.50-acre non-standard gas spacing and proration unit comprising the N/2 equivalent of said Section 18. This order also placed Division Order No. R-4933, dated December 3, 1974, in abeyance. Order No. R-4933 gave authorization to the operator of this well to drill at an unorthodox gas well location in the Morrow formation.

The provisions of these two orders are well specific and as long as the proper procedures are followed for an "operator change" of a well then the provisions of said order remain in effect.

Please note however, should you reestablish Morrow production in this well, a letter requesting the "abeyance" provision in said Administrative Order NSL-3597(NSP) be lifted will be necessary.

Should you have any questions concerning this matter, please contact me in Santa Fe at (505) 827-8185.

Sincerely,

A handwritten signature in black ink, appearing to read "Michael E. Stogner".

BEFORE THE OIL CONSERVATION COMMISSION  
OF THE STATE OF NEW MEXICO

IN THE MATTER OF THE HEARING  
CALLED BY THE OIL CONSERVATION  
COMMISSION OF NEW MEXICO FOR  
THE PURPOSE OF CONSIDERING:

CASE NO. 5373  
Order No. R-4933

APPLICATION OF MONSANTO COMPANY  
FOR AN UNORTHODOX LOCATION,  
EDDY COUNTY, NEW MEXICO.

ORDER OF THE COMMISSION

BY THE COMMISSION:

This cause came on for hearing at 9 a.m. on November 26, 1974, at Santa Fe, New Mexico, before Examiner Daniel S. Nutter.

NOW, on this 3rd day of December, 1974, the Commission, a quorum being present, having considered the testimony, the record, and the recommendations of the Examiner, and being fully advised in the premises,

FINDS:

- (1) That due public notice having been given as required by law, the Commission has jurisdiction of this cause and the subject matter thereof.
- (2) That the applicant, Monsanto Company, seeks approval of an unorthodox gas well location to test the Morrow formation at a point 660 feet from the North line and 660 feet from the West line of Section 18, Township 23 South, Range 25 East, NMPM, Rock Tank Gas Field, Eddy County, New Mexico.
- (3) That all of said Section 18 is to be dedicated to the well.
- (4) That a well at said unorthodox location will better enable applicant to produce the gas underlying the proration unit.
- (5) That no offset operator objected to the proposed unorthodox location.
- (6) That approval of the subject application will afford the applicant the opportunity to produce its just and equitable share of the gas in the subject pool, will prevent the economic loss caused by the drilling of unnecessary wells, avoid the augmentation of risk arising from the drilling of an excessive number of wells, and will otherwise prevent waste and protect correlative rights.

IT IS THEREFORE ORDERED:

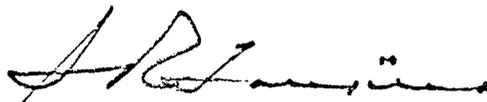

(1) That an unorthodox gas well location for the Morrow formation is hereby approved for a well to be located at a point 660 feet from the North line and 660 feet from the West line of Section 18, Township 23 South, Range 25 East, NMPM, Rock Tank Gas Field, Eddy County, New Mexico.

(2) That all of said Section 18 shall be dedicated to the above-described well.

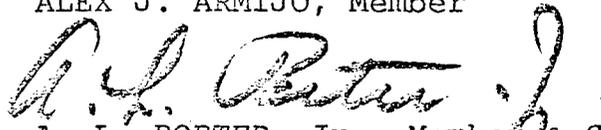

(3) That jurisdiction of this cause is retained for the entry of such further orders as the Commission may deem necessary.

DONE at Santa Fe, New Mexico, on the day and year hereinabove designated.

Re: Division Administrative Order NSL-3597 (NSP)

Dear Mr. Stogner;

Per your letter dated March 27, 1996, this letter is requesting the "abeyance" provision in said Administrative Order NSL-3597 (NSP) be lifted as Morrow production in the Dark Canyon #1 well has been reestablished.

Should you need any additional information, please do not hesitate to call.

Sincerely,

A handwritten signature in cursive script that reads "Linda Gregg".

*RE: Division Administrative Order NSL-3597(NSP)*

Dear Ms. Gregg:

Per your letter dated September 2, 1996 requesting the "abeyance" provisions for Morrow gas production of said Administrative Order NSL-3597(NSP), see letter from the Division dated March 27, 1996, be lifted for the Dark Canyon Well No. 1 (API No. 30-015-21439), located 660 feet from the North and West lines (Unit D) of Section 18, Township 23 South, Range 25 East, NMPM, Eddy County, New Mexico. What is the status of this well as to the Canyon and Strawn formations and, if applicable, were these zones ever tested.

Should you have any questions or comments concerning this matter, please contact me at (505) 827-8185 or e-mail me at "[MIKSTOGNER@EMNRDSF.STATE.NM.US](mailto:MIKSTOGNER@EMNRDSF.STATE.NM.US)".

Sincerely,
