Re: Application for Simultaneous Dedication (King "C" #'s 1, 2, & 5)  
and Unorthodox Gas Well Location (King "C" #2)  
Jalmat Tansill Yates Seven Rivers Queen (Pro Gas)  
King "C" #1 located in Unit Letter G, Section 1, Township 23 South, Range 36 East  
King "C" #2 located in Unit Letter B, Section 1, Township 23 South, Range 36 East  
King "C" #5 located in Unit Letter A, Section 1, Township 23 South, Range 36 East  
Lea County, New Mexico

Dear Mr. LeMay and Mr. Sexton:

Texaco Exploration & Production Inc., respectfully requests administrative approval to simultaneously dedicate Jalmat production from the King "C" #1, #2, & #5 wells on the NE/4 of Section 1, T23S, R36E (160 acres). Also requested is administrative approval for an unorthodox well location for the King "C" #2.

At this time, the King "C" #2 is completed in the Langlie Mattix interval. Texaco intends to plug back uphole from the Langlie Mattix and recomplete to the Jalmat gas zone. This change in status from oil producer in the Langlie Mattix zone to gas producer in the Jalmat zone necessitates the underlying 160 acres be simultaneously dedicated to all three producers.

Attached is NMOCD form C102 identifying the proposed situation on the subject 160 acre proration unit. Also attached is a list of offset operators for this unit.

Texaco believes approval of this request will be in the interest of conservation, will protect correlative rights, and will allow for a more complete recovery of Jalmat gas reserves from the subject acreage.

Texaco has notified offset operators of this application by copy of this application package sent by certified mail. If you need further information concerning this matter, please contact me at (505)-397-0432, Thank you for your consideration of this proposal.

Sincerely,

Paula S. Ives  
Engineer Assistant

King "C" No. 2  
Lea County, New Mexico  
330' FNL and 2,310' FEL  
Section 1, T-23-S, R-36-E

Gentlemen:

While reviewing the status of our 160-acre King "NW" lease (NW/4 Section 1, T-23-S, R-36-E) and our 160-acre King "SE" lease (SE/4 Section 1, T-23-S, R-36-E) including a review of recently announced "Applications to Recomplete" (copy enclosed), we have become aware of Texaco's apparent stated plan to rework its King "C" No. 2 Langlie Mattix well situated 330' FNL and 2,310' FEL Section 1, T-23-S, R-36-E, Lea County, New Mexico. As of this date, and as an adjacent offset operator, we have received no direct certified notice from Texaco as to any contemplated recompletion plans by Texaco for its King "C" No. 2 well.

In this regard, we respectfully request that we be timely furnished, by certified mail (where applicable), with all required notices to offset operators pertaining to the King "C" No. 2 well.

Yours very truly,

Gentlemen:

As an adjacent offset operator to Texaco's King "C" lease, we are in receipt of Texaco's *Application for Simultaneous Dedication and Unorthodox Gas Well Location* dated September 30, 1996.

Doyle Hartman is willing to approve Texaco's application for these locations providing that Texaco is also agreeable to granting reciprocal approval for similar applications corresponding to future work that we may propose or perform on our Emery King NW and/or Emery King SE leases. In the event that Texaco is not willing to grant Hartman reciprocal treatment for our adjacent offset wells, we unfortunately must hereby object at this time to Texaco's *Application for Simultaneous Dedication and Unorthodox Gas Well Location* for its King "C" lease dated September 30, 1996, as received October 1, 1996.

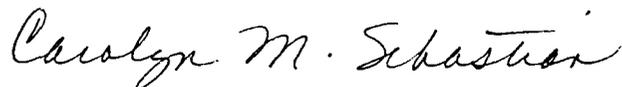

We are also forwarding a copy of this letter direct to the attention of Messrs. LeMay, Sexton and Stogner of the New Mexico Oil Conservation Division Santa Fe, New Mexico. If Texaco is not

Re: Application for Simultaneous Dedication (King "C" #'s 1, 2, & 5)  
and Unorthodox Gas Well Location (King "C" #2)  
Jalmat Tansill Yates Seven Rivers Queen (Pro Gas)  
King "C" #1 located in Unit Letter G, Section 1, Township 23 South, Range 36 East  
King "C" #2 located in Unit Letter B, Section 1, Township 23 South, Range 36 East  
King "C" #5 located in Unit Letter A, Section 1, Township 23 South, Range 36 East  
Lea County, New Mexico

Dear Mr. LeMay and Mr. Sexton:

Texaco Exploration & Production Inc., respectfully requests administrative approval to simultaneously dedicate Jalmat production from the King "C" #1, #2, & #5 wells on the NE/4 of Section 1, T23S, R36E (160 acres). Also requested is administrative approval for an unorthodox well location for the King "C" #2.

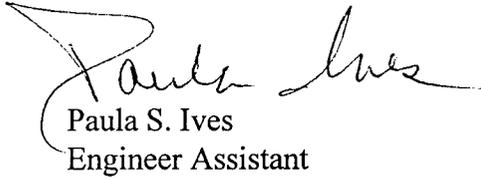

At this time, the King "C" #2 is completed in the Langlie Mattix interval. Texaco intends to plug back uphole from the Langlie Mattix and recomplete to the Jalmat gas zone. This change in status from oil producer in the Langlie Mattix zone to gas producer in the Jalmat zone necessitates the underlying 160 acres be simultaneously dedicated to all three producers.

Attached is NMOCD form C102 identifying the proposed situation on the subject 160 acre proration unit. Also attached is a list of offset operators for this unit.

Texaco believes approval of this request will be in the interest of conservation, will protect correlative rights, and will allow for a more complete recovery of Jalmat gas reserves from the subject acreage.

Texaco has notified offset operators of this application by copy of this application package sent by certified mail. If you need further information concerning this matter, please contact me at (505)-397-0432, Thank you for your consideration of this proposal.

Sincerely,

Paula S. Ives  
Engineer Assistant

Gentlemen:

As an adjacent offset operator to Texaco's King "C" lease, we are in receipt of Texaco's *Application for Simultaneous Dedication and Unorthodox Gas Well Location* dated September 30, 1996.

Doyle Hartman is willing to approve Texaco's application for these locations providing that Texaco is also agreeable to granting reciprocal approval for similar applications corresponding to future work that we may propose or perform on our Emery King NW and/or Emery King SE leases. In the event that Texaco is not willing to grant Hartman reciprocal treatment for our adjacent offset wells, we unfortunately must hereby object at this time to Texaco's *Application for Simultaneous Dedication and Unorthodox Gas Well Location* for its King "C" lease dated September 30, 1996, as received October 1, 1996.

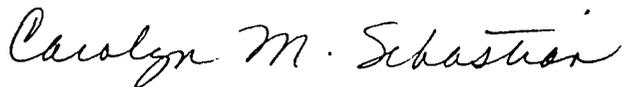

We are also forwarding a copy of this letter direct to the attention of Messrs. LeMay, Sexton and Stogner of the New Mexico Oil Conservation Division Santa Fe, New Mexico. If Texaco is not
