HAND DELIVERED

Michael E. Stogner
Oil Conservation Division
2040 South Pacheco Street
Santa Fe, New Mexico 87505

Dear Mr. Stogner:

Santa Fe Energy Resources, Inc. hereby requests administrative approval of an unorthodox gas well location for the following well:

Jones Canyon "4" Fed. Well No. 2
1,505 feet FSL and 2,381 feet FEL
Section 4 - 22 South - 24 East
Eddy County, New Mexico

The well will be drilled to a depth sufficient to test the Pennsylvanian formation (Indian Basin-Upper Pennsylvanian Associated Pool).¹

Pursuant to Rule 104 and Division Memorandum 1-90, the following information is attached:

1. Form C-102: The APD for the subject well, with a Form C-102 attached, is submitted as Exhibit A. The well is on federal land, and the APD has been approved by the Bureau of Land Management ("BLM").

¹The subject pool is spaced on 320 acres, with wells to be no closer than 660 feet to the outer boundaries of the well unit, and no closer than 330 feet to a quarter-quarter section line. See Order No. R-9922.

2. Land Plat: Attached as Exhibit B is a land plat of the subject area. As you can see, the only offset operator is Yates Petroleum Corporation. We have verified that this data is current and correct by an examination of Division well files and BLM lease files.

3. Basis for Location: The well was originally staked at an orthodox location 2,310 feet FSL and FEL. However, the BLM requested that the location be moved for archeological reasons. Santa Fe does not have an archaeological study. However, the location was examined and approved by Barry Hunt of the BLM. Please call him if you have any questions.

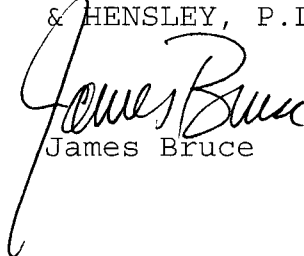

4. Directional Drilling: Applicant does not desire to drill directionally to an orthodox location due to the added cost. Moreover, the well is not unorthodox to the outer boundary of the well unit, and thus does not encroach on the offset operator. As a result, directional drilling is not necessary.

5. Notice: Attached hereto is a copy of the notice letter sent to Yates Petroleum Corporation.

Your attention to this matter is appreciated.

Very truly yours,

HINKLE, COX, EATON, COFFIELD,

Dear Mr. Stogner:

Enclosed with respect to the above application is a letter from the Yates Petroleum Corporation dated January 23, 1996, waiving objection to the above location. Since the only offset operator has waived objection, we would request that the normal twenty day waiting period be dispensed with, and an order on the location be issued forthwith. Santa Fe Energy has a rig ready to commence drilling.

Thank you for your consideration of this matter.
