Re: Application for Administrative Approval of Unorthodox Location
Foster #2-R Well Operated by McElvain Oil & Gas Properties, Inc.
1888' FSL, 2315' FWL, Section 17, T26N, R7W
Rio Arriba County, New Mexico – South Blanco Pictured Cliffs Formation

Dear Mr. Fesmire:

McElvain Oil & Gas Properties, Inc. ("McElvain") hereby requests administrative approval for an unorthodox location for the above captioned well. Attached for your reference are the following exhibits:

- 1) Well Location Plat (NMOCD Form C-102)
- 2) Topographic Map
- 3) Production Map showing Pictured Cliffs Production in the area
- 4) List of Affected Parties owning interest in SE/4 Sec. 17, T26N, R7W

The above referenced well was originally proposed to be located 668' FWL and 1841' FSL, however, it was determined that location was on a talus slope. We then tried to stake at a legal location on top of a mesa toward the east side of the spacing unit; and it was discovered that the whole east edge of the legal window was covered with archeological sites. As the BLM has notified us that the captioned location is the only location on which we can put this well, we are applying for the unorthodox location accordingly

All of the required offset parties have been notified of this application by certified mail and copies of the letters and receipts are attached.

McElvain hereby respectfully requests your administrative approval for the unorthodox location based on the above information. Should you need any additional information, please contact me at (303) 893-0933, Extension 349.

Yours truly,

MCELVAIN OIL & GAS PROPERTIES, INC.
