Gentlemen:

In reviewing our files we have discovered paperwork for the above referenced well was inadvertently omitted. In order to correct this omission Xeric Oil & Gas Corporation respectfully requests approval for the downhole commingle of the DK Abo, East Warren Drinkard and East Warren Tubb Pools with an *effective date of April 22, 2003*.

The well was first completed in the DK Abo and produced from December of 2000 through March of 2001. The Abo was then plugged back to test and produce the East Warren Drinkard from April 2001 to February of 2003. The Drinkard was plugged back to test and produce the Tubb pool from February 26, 2003 to April 22, 2003.

Please find enclosed our application with supporting documentation for the commingling of the captioned well for your review and approval. All working, royalty and overriding royalty interests are identical in the commingled zones. The Commissioner of Public Lands is being notified with this letter.

Thank you for your attention to this matter. Should you have any questions or require additional information contact me at the number above.

Yours truly,

Angie Crawford
