Re: EPNG Com C #5 (State Lease #B-1131)
1910'FSL, 1380'FWL, Section 16, T-32-N, R-10-W, San Juan County
30-045-29768

Dear Mr. Stogner:

Burlington Resources is applying for administrative approval of an unorthodox gas well location for the Basin Dakota pool.

This application for the referenced location is due to very bad terrain and the presence of scattered archaeology. The referenced location will utilize half of the existing well pad for the EPNG Com C #100 Fruitland Coal well located at 1850'S, 1487'W and will require no new road construction, to minimize surface land disturbance.

Production from the Basin Dakota pool is to be included in 320 acre gas spacing and proration unit for the west half (W/2) in Section 16.

The following attachments are for your review:

- Application for Permit to Drill (submitted as the El Paso Com C #5) and sundry notice name change to EPNG Com C #5.
- Completed C-102 at referenced location.
- Offset operators/owners plat
- 7.5 minute topographic map showing no new road construction.
- 7.5 minute topographic map outlining standard windows for the Dakota.

We appreciate your earliest consideration of this application.

Three copies of this application are being submitted to Taurus Exploration USA by certified mail with a request that they furnish you with a Waiver of Objection, keep one copy for their files and return one copy to this office. We appreciate your earliest consideration of this application.

Sincerely,

Peggy Bradfield

30-045-29768

Dear Mr. Stogner:

Burlington Resources is applying for administrative approval of an unorthodox gas well location for the Basin Dakota pool.

This application for the referenced location is due to very bad terrain and the presence of scattered archaeology. The referenced location will utilize half of the existing well pad for the EPNG Com C #100 Fruitland Coal well located at 1850'S, 1487'W and will require no new road construction, to minimize surface land disturbance.

Production from the Basin Dakota pool is to be included in 320 acre gas spacing and proration unit for the west half (W/2) in Section 16.

The following attachments are for your review:

- Application for Permit to Drill (submitted as the El Paso Com C #5) and sundry notice name change to EPNG Com C #5.
- Completed C-102 at referenced location.
- Offset operators/owners plat
- 7.5 minute topographic map showing no new road construction.
- 7.5 minute topographic map outlining standard windows for the Dakota.

We appreciate your earliest consideration of this application.

Three copies of this application are being submitted to Taurus Exploration USA by certified mail with a request that they furnish you with a Waiver of Objection, keep one copy for their files and return one copy to this office. We appreciate your earliest consideration of this application.

Sincerely,

A handwritten signature in cursive script that reads "Peggy Bradfield".
