Dear Ms. Colvin:

We are in receipt of your NMOCD form C-103 dated August 27, 2007 wherein you have requested our approval to surface commingle the Basin Dakota and Basin Fruitland Coal production from the Gallegos Canyon Unit Well Nos. 162E and 568.

It is our understanding that the production from each well will be metered separately prior to being commingled.

Since it appears that all the New Mexico Oil Conservation Division's rules and regulations have been complied with, and there will be no loss of revenue to the State of New Mexico as a result of your proposed operation, your request is hereby approved. Our approval is subject to like approval by the New Mexico Oil Conservation Division and the Bureau of Land Management. Please submit a copy of OCD's and BLM's approvals.

Your \$30.00 dollar filing fee has been received.

If you have any questions or if we may be of further help, please contact Pete Martinez at (505) 827-5791.

Very truly yours,

PATRICK H. LYONS
