Re: Application of Mapenza Oil Company to form a non-standard gas proration unit in an undesignated area (request has been made to extend the Arrow Gas Pool), Lea County, New Mexico, consisting of 160 acres being the SW/4 of Section 31, T21S, R37E.

Case #924(a)

Attention: Mr. W. B. Macey, Secretary-Director

Gentlemen:

The Mapenza Oil Company herewith applies for formation of a non-standard gas proration unit in an undesignated area (request has been made to extend the Arrow Gas Pool), Lea County, New Mexico, consisting of 160 acres being the SW/4 of Section 31, T21S, R37E. The Mapenza Oil Company #1 Gill well was drilled and completed in the vertical limits of the Arrow Gas Pool; exact location is 660' FSL and 660' FWL, Section 31, T21S, R37E. All rules and regulations of the Commission were followed in the drilling and completion of the well and applicable forms were filed, received, and approved by the Hobbs district office.

A plat is attached showing the acreage to be dedicated outlined in yellow. This plat also shows the well location, with distances from the section line and the offset ownership.

The Operator respectfully requests that the Commission grant his application for a non-standard proration unit in an undesignated area (request has been made to extend the Arrow Gas Pool), consisting of the above described 160 acres, for the following reasons:

1. The well is located in an undesignated area (request has been made to extend the Arrow Gas Pool), and completed in the vertical limits of the Arrow Gas Pool.
2. The acreage covered by this application, in the opinion of the Operator, will be adequately drained by the well in its geographical location.
3. Existing rules and regulations of the Commission have been followed insofar as drilling and completion, geographic spacing, and information requested by the Commission.

New Mexico Oil Conservation Commission

May 11, 1955

4. The Operator believes that the granting of this application will serve the interests of conservation of natural resources in the state of New Mexico.

Listed below are the Operators who have been notified by registered mail, of this application:

El Paso Natural Gas Company
P. O. Box 1492
El Paso, Texas

Jack Markham
1114 10th Street
Lubbock, Texas

Gulf Oil Corporation
J. P. White Building
Roswell, New Mexico

Neville G. Penrose, Inc.
Fair Building
Fort Worth 2, Texas

This application is filed under the applicable rule, being the Commission's order R-520, rule 5, paragraph (b)-6.

Very truly yours,

MAPENZA OIL COMPANY

J. W. Adams
