Re: Application of El Paso Natural Gas Company for Administrative Approval of a 160 Acre Non-Standard Gas Proration Unit in the Arrow Gas Pool for the El Paso Natural Gas Company Shell State #12 Well which is located in the SW/4 SE/4 of Section 36, Township 21 South, Range 36 East, N.M.P.M., Lea County, New Mexico

Gentlemen:

On December 12, 1955, El Paso Natural Gas Company requested Administrative Approval under the Provisions of Rule 5(b) of Order No. R-520 of a Non-Standard Gas Proration Unit of 160 acres, more or less, comprising the SE/4 of Section 36, Township 21 South, Range 36 East, N.M.P.M., for its Shell State #12 Well. In its application El Paso Natural Gas Company erroneously stated that said proposed Non-Standard Gas Proration Unit was located within the horizontal limits of the Eumont Gas Pool, when in fact it is located within the horizontal limits of the Arrow Gas Pool.

El Paso Natural Gas Company would respectfully amend its said application by substituting the words "Arrow Gas Pool" in place of "Eumont Gas Pool" in its said application of December 2, 1955.

Respectfully submitted,

EL PASO NATURAL GAS COMPANY
