Re: Application for Nonstandard Gas
Proration Unit in the Eumont Gas Pool
to be assigned to Sinclair's Wm. P.
Byrd Well No. 7

Gentlemen:

Sinclair Oil & Gas Company makes this application for an Administrative Order under Order R-520 which will establish a 320 acre Non-standard Gas Proration Unit in the Eumont Gas Pool to be assigned to Sinclair's Wm. P. Byrd Well No. 7.

In this connection Sinclair wishes to state:

1. Sinclair is the operator of the Wm. P. Byrd Well No. 7 which is located in the NE NW of Section 11-20S-36E, Lea County, New Mexico. This well was completed March 4, 1954 as a gas well in the Eumont Gas Pool with an open flow capacity of 8,100 MCF per day.
2. The proposed Nonstandard Unit consists of Sinclair's Wm. P. Byrd and Mary J. Byrd leases and occupies the NW/4, N/2 of SW/4 and W/2 of NE/4 of said Section 11. Sinclair's Wm. P. Byrd No. 7 Well is located 990 feet from the North line and 1980 feet from the West line of this proposed unit thus qualifying for a 320 acre administrative assignment.
3. The length or width of the proposed unit does not exceed 5280 feet.
4. The proposed unit consists of contiguous quarter-quarter sections and lies wholly within a single governmental section.
5. The entire proposed unit may reasonably be presumed to be productive of gas.

6. The leasehold interests are common under this proposed unit.
7. All of the acreage within the proposed unit is covered by a single basic oil and gas lease from Mary J. Byrd to Eugene S. Adkins, dated May 25, 1926. The royalty interests were common under the entire proposed unit at the time the basic lease was obtained.
8. All offset operators as defined in Order R-520 have been notified of this application by copy thereof via registered mail. Said operators are listed below.

Sinclair believes that the granting of this application is in the interest of conservation and the protection of correlative rights. Sinclair, therefore, requests that an Administrative Order be issued for the purpose of granting this application.

I hereby certify that the information contained in this application is true and complete to the best of my knowledge and belief.
