Attention: Mr. A. L. Porter, Jr.

Gentlemen:

W. K. Byrom requests approval for a Non-Standard gas unit of 80 acres and an unorthodox location as the Cooper G No. 3 well is a ¹⁶⁵⁰1660 FNL and 330 FWL in the $W\frac{1}{2}$ NW $\frac{1}{4}$ Section 3-T20S-R37E as shown by the attached plat the Cooper G #3 will crowd our own acreage.

We have recompleted our Cooper G No. 3, a depleted upper San Andres well, as a middle San Andres gas well between the depths of 4177 to 4200 below the water oil contact of the upper San Andres or Monument pay.

Copies of this application have been submitted to all off setting operators as required under Rule 104.

Very truly yours,
