New Mexico Oil Conservation Commission
P. O. Box 2088
Santa Fe, New Mexico 87501

Attention Mr. A. L. Porter, Jr.

Gentlemen:

We request that approval of a 120-acre non-standard gas proration unit in the Blinebry Gas Pool be granted for the following acreage:

Lea County, New Mexico
Township 21 South, Range 37 East, NMPM
Section 22: N/2 of SE/4 and SE/4 of SE/4

The above acreage is the location of our Turner Wells 1, 3, and 5. We propose to produce this gas proration unit from our Turner No. 5.

Shell Oil Company is the operator of the oil and gas rights under all but the NE/4 of Section 22, and of the SW/4 of Section 23. Gulf Oil Company is the operator of the NE/4 of Section 22, and Getty Oil Company is the operator of the NW/4 of Section 23, T-21-S, R-37-E, Lea County, New Mexico. Gulf and Getty have been notified of the proposal and copies of the notification will be forwarded to your office.

Your approval of this non-standard gas proration unit will be appreciated.

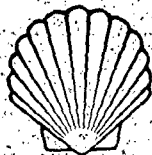

Yours very truly,

J. J. Pickell

Gentlemen:

Following advisement by the New Mexico Oil Conservation Commission of the reclassification of Shell's Turner No. 5 from an oil well to a gas producer, we have requested the commission to approve a 120-acre non-standard gas proration unit.

This proposed non-standard gas proration unit, as provided for in Rule 29 of Commission Order R-1670, would consist of SE/4 of SE/4 of Section 22 and N/2 of SE/4 of Section 22 and contain Shell's Turner Nos. 1, 3 and 5.

As an operator owning interest in Section 22 or owning interest in acreage offsetting this proposed unit, please signify your not having objections to the described non-standard proration unit by signing and returning a copy of the attached waiver.

Yours very truly,

Re: Non-Standard Gas Proration Unit
for your Turner Well No. 5 located
in Unit I, Section 22, Township 21
South, Range 37 East, Blinebry Gas
Pool, Lea County, New Mexico

Gentlemen:

In regards to your application of January 4, 1971,
for the above-described unit, I wish to inform you that
operators in Sections 26 and 27, same township and range,
that offset the proposed unit must also be notified of
your application. When this office has been notified
that those operators have been given notice, your
application will be processed.

Very truly yours,

GEORGE M. HATCH
Attorney

Dear Mr. Cone

Following advisement by the New Mexico Oil Conservation Commission of the reclassification of Shell's Turner No. 5 from an oil well to a gas producer, we have requested the commission to approve a 120-acre non-standard gas proration unit.

This proposed non-standard gas proration unit, as provided for in Rule 29 of Commission Order R-1670, would consist of SE/4 of SE/4 of Section 22 and N/2 of SE/4 of Section 22 and contain Shell's Turner Nos. 1, 3, and 5.

As an operator owning interest in Section 22 or owning interest in acreage offsetting this proposed unit, please signify your not having objections to the described non-standard proration unit by signing and returning a copy of the attached waiver.

Yours very truly,
