NSP-915

April 9, 1973

Mr. S. B. Christy
P. O. Box 1180
Roswell, New Mexico 88201

Dear Sir:

Reference is made to your letter dated April 5, 1973, requesting approval of a non-standard proration unit of 80 acres to be dedicated to the Roger C. Hanks Brag Federal Well No. 1-Y located in Unit E of Section 28, Township 8 South, Range 36 East, NMPM, Roosevelt County, New Mexico. Special Rules and Regulations for the Vada-Pennsylvanian Pool are established by Commission Order R-3179-A and one of the requirements for allowing approval of a non-standard proration unit by the Secretary-Director is: "All operators offsetting the proposed non-standard unit shall be notified of the application by registered or certified mail, and the application shall state that such notice has been furnished." Offset operators have 30 days within which to enter an objection.

If it is preferred that the matter be set for a hearing please notify the Commission otherwise furnish proof that the above rule has been complied with. As near as this office can determine, Lone Star and Tom Brown are offsetting operators.

Very truly yours,

J. E. KAPTEINA
Petroleum Engineer

Re: Vada-Pennsylvanian Pool
Lea County, New Mexico
Case No. 4914 - R4486

Gentlemen:

In behalf of our client Roger C. Hanks, and in compliance with your Order 4486, entered March 2, 1973, we enclose herewith Form C-102 for a non-standard unit, comprising the S $\frac{1}{2}$ NW $\frac{1}{4}$ Section 28, Township 8 South, Range 36 East, N.M.P.M., to be dedicated to Mr. Hanks' Brag Federal Well 1-R (Now 1-Y), located 660 feet from the West line and 1830 feet from the North line of said Section 28 in the Vada-Pennsylvanian Pool.

We request the Commission's approval to the non-standard unit.

The reason for a non-standard unit is that Lone Star has a well in the N $\frac{1}{2}$ NW $\frac{1}{4}$, and we assume that it is making application for a non-standard 80-acre unit therefor. It is our understanding that, with respect to any proration, the two wells (Lone Star and Hanks) can collectively produce the 160 acre allowable. If any agreement should be filed with you between Lone Star and Hanks on the point, please let us know.

Respectfully,

JENNINGS, CHRISTY & COPPLE

NEW MEXICO OIL CONSERVATION COMMISSION
WELL LOCATION AND ACREAGE DEDICATION PLAT

Form C-102
Supersedes C-128
Effective 1-1-65

All distances must be from the outer boundaries of the Section.

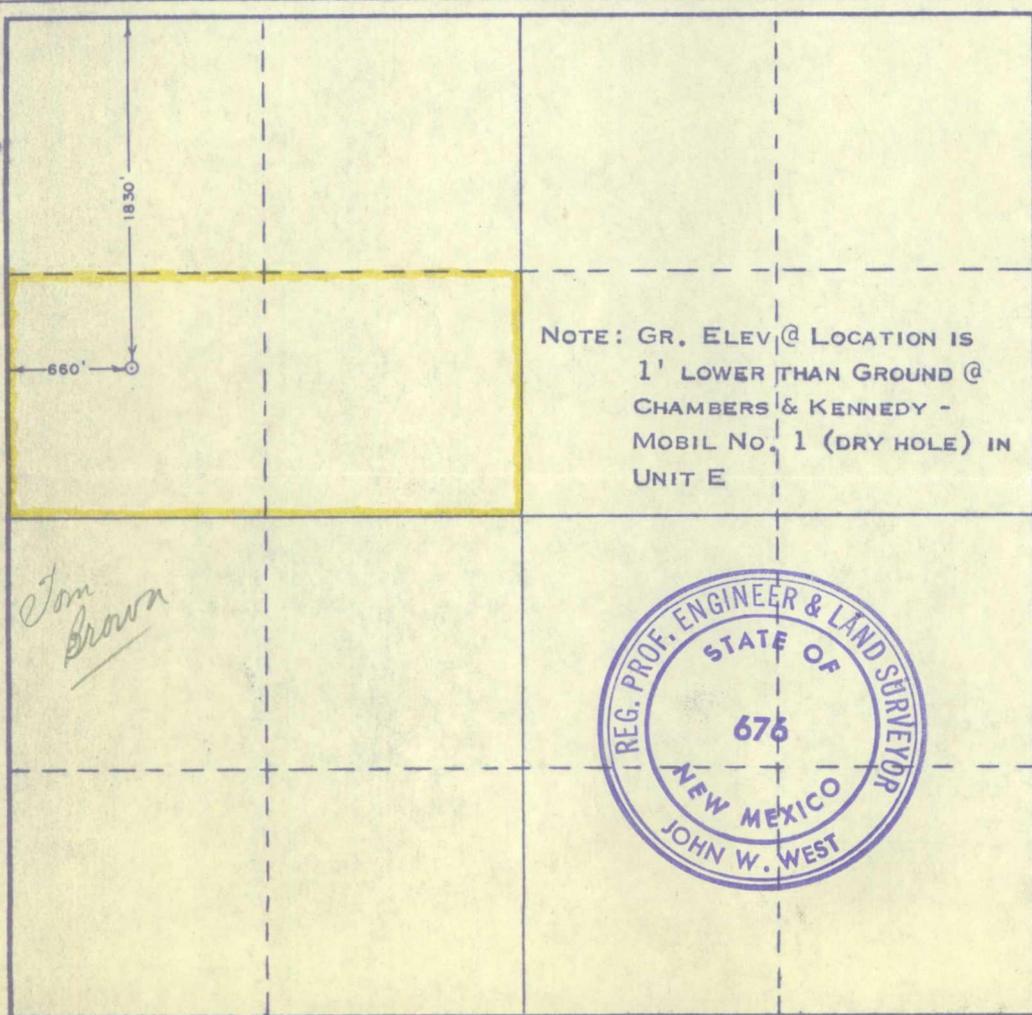

Operator ROGER C. HANKS		Lease BRAG FEDERAL		
Unit Letter E	Section 28	Township 8 SOUTH	Range 36 EAST	County ROOSEVELT
Actual Footage Location of Well: 1830 feet from the NORTH line and 660 feet from the WEST line				
Ground Level Elev.	Producing Formation Bough "C"	Pool Undesignated	Dedicated Acreage: 80 Acres	

1. Outline the acreage dedicated to the subject well by colored pencil or hachure marks on the plat below.
2. If more than one lease is dedicated to the well, outline each and identify the ownership thereof (both as to working interest and royalty).
3. If more than one lease of different ownership is dedicated to the well, have the interests of all owners been consolidated by communitization, unitization, force-pooling, etc?

Yes No If answer is "yes," type of consolidation _____

If answer is "no," list the owners and tract descriptions which have actually been consolidated. (Use reverse side of this form if necessary.) _____

No allowable will be assigned to the well until all interests have been consolidated (by communitization, unitization, forced-pooling, or otherwise) or until a non-standard unit, eliminating such interests, has been approved by the Commission.
