Sec. 26: SW $\frac{1}{4}$
Chaves County

Dear Sir,

In your above Administrative Order dated October 17, 1974, the 160 acre non standard gas proration unit is dedicated to the Dalport Oil Corporation #1 Hill-Federal, located 1983' FWL and 1977' FSL of sec. 26.

Your Order mistakenly referred to this well as the #1-A Hill Federal.

Thank you for your kind attention to this matter.

Very truly yours,

Leon M. Lampers

Southeast Chaves Queen Gas Area
Chaves County, New Mexico

Dear Sirs:

Dalport re-entered and completed the #1-A Hill Federal as a shut-in Queen gas well on March 24, 1971. Since this is an unorthodox location on 160 acres, rather than 320 acres, we herein apply for administrative approval of said location as per Rule 5, Order R-4435. Enclosed are three plats of location and three ownership plats.

We are notifying the offsetting operators by certified mail and are enclosing the mail receipts.

Please advise when approval is granted.

Yours very truly,

Double L-Queen Associated Field
Chaves County, New Mexico
Dalport #1 Hill-Fed

Dear Sir:

The above well was completed as a shut-in gas well on March 24, 1971. According to R4434, which amended Rules 2 and 3 of R3981-A, each well should be on a 320-acre unit. Since we only own a lease on the SW $\frac{1}{4}$, we respectfully request administrative approval of a non-standard proration unit comprising the SW $\frac{1}{4}$ Sec. 26. On August 28, 1974, you were sent three C-102 plats, and offsetting operators are being notified by mail.

Dear Sirs,

In my letter of August 28, 1974, the above shut-in gas well was mistakenly referred-to as the #1-A Hill-Federal. The name on the plats is correct, however.

Very truly yours,
