I hereby certify that the information given above is true and complete to the best of my knowledge and understand that pursuant to NMOCD rules and regulations all operators are required to report and/or file certain release notifications and perform corrective actions for releases which may endanger public health or the environment. The acceptance of a C-141 report by the NMOCD marked as "Final Report" does not relieve the operator of liability should their operations have failed to adequately investigate and remediate contamination that pose a threat to ground water, surface water, human health or the environment. In addition NMOCD acceptance of a C-141 report does not relieve the operator of responsibility for compliance with any other federal, state or local laws and/or regulations.

Operator,

The New Mexico Oil Conservation Division District 2 Office (OCD) is in receipt of an initial report Form C-141 reporting a release of produced fluids at or near the above referenced well site. The release was observed during a routine inspection by OCD personnel on October 14, 2009, resulting in OCD issuing a Letter of Violation (LOV). Please submit a corrective action work plan proposal (plan) for remediation and/or clean up of contaminants that may be present at this site. The plan is to be formulated based on **vertical and horizontal delineation** of contamination, site ranking, and OCD rules, regulations and guidelines.

A publication is available to you on the OCD website to aid in formulation of this plan. The publication may be found as follows:

<http://www.emnrd.state.nm.us/ocd>

Click on each of the following items as they appear:

- Publications
- Environmental Handbook
- Miscellaneous Guidelines
- Remediation of Leaks, Spills and Releases

Please submit this plan to the OCD District 2 Office not later than **November 27, 2009**. Please include any remedial or clean up actions that may have already been performed to mitigate impact from this release.

Clean up/remediation requirements may be subject to other federal, state, local laws and/or regulations.

Sincerely,

Mike Bratcher

**LETTER OF VIOLATION - Inspection**

Dear Operator:

The following inspection(s) indicate that the well, equipment, location or operational status of the well(s) failed to meet standards of the New Mexico Oil Conservation Division as described in the detail section below. To comply with standards imposed by Rules and Regulations of the Division, corrective action must be taken immediately and the situation brought into compliance. The detail section indicates preliminary findings and/or probable nature of the violation. This determination is based on an inspection of your well or facility by an inspector employed by the Oil Conservation Division on the date(s) indicated.

Please notify the proper district office of the Division, in writing, of the date corrective actions are scheduled to be made so that arrangements can be made to reinspect the well and/or facility.
