Re: Robinia Draw Unit No. 1
Eddy County, New Mexico

Gentlemen:

It is respectfully requested that American Quasar Petroleum Co. of New Mexico be granted an unorthodox location administratively for the Robinia Draw Unit No. 1, Eddy County, New Mexico. The location of this 10,000' Morrow gas test was necessitated by rough terrain and will be located 1675' from the south and west lines of Section 7, T-23S, R-24E, Eddy County, New Mexico.

Copies of an aerial photo, a lease plat and a "topo" map are submitted to show the location, offset operators and rough terrain in this area. Also attached is a copy of Exhibit "B" (Schedule of Lands and Leases, Robinia Draw Unit Area), which is a part of the Unit Operating Agreement for the proposed Robinia Draw Unit. The proposed unit area has been presented to the U. S. G. S. and a Commission hearing has been set up for March 5, 1975 for formation of the unit. Due to early lease expiration it is necessary to expedite this application for an unorthodox location prior to the actual formation of the unit. A letter from the J. M. Huber Corporation designating American Quasar Petroleum Co. of New Mexico as operator is attached.

We have advised the offset operators of this unorthodox location application and are attaching a copy of an executed waiver from Atlantic Richfield Company. The additional waivers will be forwarded immediately upon receipt. It is requested that this application be given expeditious handling, so that operations may commence as soon as possible.

Yours very truly,

Lynn D. Jones
