Clay:

I think OCD is also awaiting the sonar test report that was conducted on the well? Yes, Richard scanned the MIT charts into the API well file. Thanks.

Carl,

We ran the MIT test on Carlsbad brine wells 2-18-2010 Richard from the OCD Artesia office took the charts said he would scan them in he said he would send you a e-mail saying he had them.I will be sending all the production I came up with.

Thanks
Clay

Jim;

The number you used for brine was the f/w use. The total brine for 2009 is 359,177.
As you will see on the water totals I sent you there was a correction on the Sept 2009, tickets that came in late. It increased by 14,718 BBL's totaling 35122 for Sept 2009.
The numbers for Nov 2009 were 45,471 BBL's and Dec 2009 52,750.

Thanks

Clay
