Oil Conservation Division

Santa Fe, New Mexico 87505

Dear Mr. Fesmire:

Pursuant to NMAC 19.15.15.13, Mewbourne Oil Company applies for approval of an unorthodox oil well location for the following well:

<u>Well:</u>	Gunsmoke 9 EF Fed. Com. Well No. 1
<u>Surface location:</u>	2290 feet FNL & 2310 feet FEL
<u>Entry Point in Producing Zone:</u>	2290 feet FNL & 2310 feet FWL
<u>Bottom hole location:</u>	2290 feet FNL & 330 feet FWL
<u>Well unit (project area):</u>	S½NW¼ of Section 9, Township 20 South, Range 25 East, N.M.P.M., Eddy County, New Mexico

The well will be drilled to a depth sufficient to test the Cemetery-Yeso Pool. The pool is spaced on statewide rules, with 40 acre spacing, and wells to be located no closer than 330 feet to a quarter-quarter section line. An APD, with a Form C-102 included, is attached as **Exhibit A**. The directional drilling plan is attached as **Exhibit B**.

Although the well penetrates the top of the Yeso formation at an unorthodox location approximately 2410 feet from the west line of Section 9, in Unit F, the wellbore penetrates the productive zone at an orthodox location in Unit F. **Exhibits A and B**. The unorthodox surface location is due to engineering reasons: Placing it to the east of the well unit will increase the productive length of the wellbore.

Due to the well's directional plan, the entry point in the Yeso encroaches on the NE¼ of Section 9. That acreage is leased and operated by Mewbourne. **Exhibit C**. Thus, notice of the application has not been given to any offset working interest owners.

Please contact me if you need any further information on this application.

Very truly yours,

Dear Jim

You have stated that Mewbourne is the lessee of the offsetting acreage. Since Mewbourne is the applicant, however, notice would be required to any other working interest owners in the offsetting acreage, if there are any.

Please advise if Mewbourne owns 100% of the working interest in the offsetting acreage, or if interest in that acreage are the same as in the proposed project area.

Sincerely

David K. Brooks
