RE: Application for Unorthodox Eumont Gas Well Location & Simultaneous Dedication
W. C. Roach #5
W/2 of Section 21, T20S, R37E, Lea County, NM
Eumont (Yates/Seven Rivers/Queen) Gas Pool

Dear Mr. LeMay / Mr. Sexton:

ARCO Oil and Gas Company respectfully requests administrative approval for an unorthodox Eumont gas well location for the W. C. Roach #5 well located 1650' FNL, 1650' FWL, Section 21, T-20S, R-37E in Lea County, New Mexico. The W. C. Roach #5 is a Monument Paddock oil well which ARCO is preparing to recompleat uphole to the Eumont pool. At the same time, ARCO requests simultaneous dedication of the Eumont gas production from the W. C. Roach #6 and #7 with the Eumont gas production from the W. C. Roach #5 well. The W. C. Roach #6 and #7 are Eumont gas wells currently dedicated to an existing 320-acre proration unit comprised of the W/2 of Section 21, T20S, R37E.

Attached are C-102 forms identifying both the existing and proposed configuration of the subject 320-acre Eumont gas proration unit. Also attached is a list of offset operators and/or co-owners for this unit, and a land plat map of the surrounding area.

ARCO Oil and Gas Company believes approval of this request will be in the interest of conservation, will protect correlative rights, and will allow for a more complete recovery of Eumont gas reserves from the subject acreage.

ARCO Oil and Gas Company is notifying the offset operators of this application by sending a copy of this application package, along with waiver to objection forms, by certified mail. If you need further information, please call me at (915) 688-5546.

Sincerely,

W. C. Roach No. 5

Gentlemen:

Reference is made to the attached notification from ARCO Oil and Gas Company dated September 18, 1992 and received by Hartman September 25, 1992, regarding ARCO's application for an unorthodox location and simultaneous dedication of the above-referenced well. The W. C. Roach No. 5 well, to be recompleted from the Monument Paddock to the Eumont (Gas) pool, is located 1650' FNL and 1650' FWL of Section 21, T-20-S, R-37-E and would be simultaneously dedicated along with ARCO's W. C. Roach Nos. 6 and 7 wells to the existing 320-acre non-standard Eumont (Gas) proration unit consisting of the W/2 of Section 21, T-20-S, R-37-E, Lea County, New Mexico.

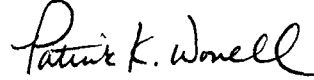

In light of the fact that ARCO's proposed recompletion does not directly offset us and we are not being encroached upon, we do not feel it is appropriate for us to object to ARCO's administrative request for a location consisting of 1650' FNL and 1650' FWL of Section 21, T-20-S, R-37-E.

Eumont (Yates/Seven Rivers/Queen) Gas Pool

Dear Mr. LeMay:

ARCO Oil and Gas Company respectfully requested, by application to your office on 9/18/92, administrative approval for an unorthodox Eumont gas well location for the W. C. Roach #5 well located 1650' FNL, 1650' FWL, Section 21, T-20S, R-37E in Lea County, New Mexico. At the same time, ARCO requested simultaneous dedication of the Eumont gas production from the W. C. Roach #6 and #7 with the Eumont gas production from the W. C. Roach #5 well.

ARCO Oil and Gas Company notified the offset operators of that application by sending a copy of the application package, along with Waiver to Objection forms, by certified mail. Attached with this follow-up letter are copies of the certified mail receipts sent to all offset operators, showing that they have all received a copy of this application and have had more than 21 days to respond to either ARCO or the NMOCD. Also attached are copies of signed waiver forms from 6 of the offset operators, indicating that they have no objection to the proposed work. Since signed waivers have been received from 6 offset operators, and since all offset operators have received notice of ARCO's application by certified mail and have had sufficient time to respond to the application, and no offset operators have objected to this application, ARCO respectfully requests that the NMOCD grant prompt administrative approval of this request so that ARCO may perform the work in a timely manner.

Eumont (Gas) Pool
W. C. Roach No. 5

Gentlemen:

Reference is made to the attached notification from ARCO Oil and Gas Company dated September 18, 1992 and received by Hartman September 25, 1992, regarding ARCO's application for an unorthodox location and simultaneous dedication of the above-referenced well. The W. C. Roach No. 5 well, to be recompleted from the Monument Paddock to the Eumont (Gas) pool, is located 1650' FNL and 1650' FWL of Section 21, T-20-S, R-37-E and would be simultaneously dedicated along with ARCO's W. C. Roach Nos. 6 and 7 wells to the existing 320-acre non-standard Eumont (Gas) proration unit consisting of the W/2 of Section 21, T-20-S, R-37-E, Lea County, New Mexico.

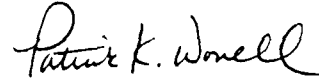

In light of the fact that ARCO's proposed recompletion does not directly offset us and we are not being encroached upon, we do not feel it is appropriate for us to object to ARCO's administrative request for a location consisting of 1650' FNL and 1650' FWL of Section 21, T-20-S, R-37-E.

RE: Application for Unorthodox Eumont Gas Well Location & Simultaneous Dedication
W. C. Roach #5
W/2 of Section 21, T20S, R37E, Lea County, NM
Eumont (Yates/Seven Rivers/Queen) Gas Pool

Dear Mr. LeMay / Mr. Sexton:

ARCO Oil and Gas Company respectfully requests administrative approval for an unorthodox Eumont gas well location for the W. C. Roach #5 well located 1650' FNL, 1650' FWL, Section 21, T-20S, R-37E in Lea County, New Mexico. The W. C. Roach #5 is a Monument Paddock oil well which ARCO is preparing to recomplete uphole to the Eumont pool. At the same time, ARCO requests simultaneous dedication of the Eumont gas production from the W. C. Roach #6 and #7 with the Eumont gas production from the W. C. Roach #5 well. The W. C. Roach #6 and #7 are Eumont gas wells currently dedicated to an existing 320-acre proration unit comprised of the W/2 of Section 21, T20S, R37E.

Attached are C-102 forms identifying both the existing and proposed configuration of the subject 320-acre Eumont gas proration unit. Also attached is a list of offset operators and/or co-owners for this unit, and a land plat map of the surrounding area.

ARCO Oil and Gas Company believes approval of this request will be in the interest of conservation, will protect correlative rights, and will allow for a more complete recovery of Eumont gas reserves from the subject acreage.

ARCO Oil and Gas Company is notifying the offset operators of this application by sending a copy of this application package, along with waiver to objection forms, by certified mail. If you need further information, please call me at (915) 688-5546.

Sincerely,

Kevin D. Renfro
Operations/Analytical Engineer
