RECEIVED OGD

2010 JUL -2 P 12: 57

July 2, 2010

Mark E. Fesmire, P.E.
Oil Conservation Division
1220 South St. Francis Drive
Santa Fe, New Mexico 87505

Dear Mr. Fesmire:

Pursuant to NMAC 19.15.15.13, Mewbourne Oil Company applies for approval of an unorthodox oil well location for the following well:

<u>Well:</u>	Gunsmoke 9 CD Fed. Well No. 1
<u>Surface location:</u>	990 feet FNL & 2310 feet FEL (Unit Letter B)
<u>Entry point in Yeso:</u>	990 feet FNL & 2510 feet FEL (Unit Letter B)
<u>Beginning of producing interval:</u>	990 feet FNL & 2310 feet FWL (Unit Letter C)
<u>Bottom hole location:</u>	990 feet FNL & 330 feet FWL (Unit Letter D)
<u>Well unit (project area):</u>	N½NW¼ of Section 9, Township 20 South, Range 25 East, N.M.P.M., Eddy County, New Mexico

The well will be drilled to a depth sufficient to test the North Seven Rivers Glorieta-Yeso Pool. The pool is spaced on statewide rules, with 40 acre spacing, and wells to be located no closer than 330 feet to a quarter-quarter section line. A Form C-102 is attached as **Exhibit A**. The directional drilling plan is attached as **Exhibit B**. (The top of the Yeso, based on offsetting wells in Unit Letters G and L, is approximately 2405 feet subsurface.)

Although the well penetrates the top of the Glorieta-Yeso formation at an unorthodox location in Unit Letter B, and is also unorthodox in Unit Letter C, the productive interval of the wellbore will be at an orthodox location in Unit Letter C. **Exhibit B**. The surface location allows the well to be placed near an existing road. **Exhibit C**. Placing the surface location to the east of the well unit will maximize the productive length of the wellbore.

Due to the well's directional plan, the well encroaches on the E½NE¼ of Section 9. However, the well unit and the offsetting acreage is covered by a single federal lease, NM 14758. **Exhibit**

D and E. Interest ownership is common, and thus notice of the application has not been mailed to anyone.

Please contact me if you need any further information on this application.

Very truly yours,

A handwritten signature in cursive script that reads "James Bruce". The signature is written in black ink and is positioned above the printed name.

Subject: Mewbourne - Gunsmoke 9 CD Fed #1; NSL Application

Dear Jim

We have received the referenced application.

In what I suspect is a typo, the application states "Due to the well's directional plan, the well encroaches on the E/2 NE/4 of Section 9." I assume that it was intended to say the W/2 NE/4.

Please confirm that the statement about identical ownership applies to the W/2 NE/4 as well as the NW/4 and the E/2 NE/4.

Sincerely

David K. Brooks

David: You are correct -- it encroaches on the W/2NE/4 Sec. 9.

The N/2NW/4 and NE/4 Sec. 9 have common ownership under a single federal lease -- see Exhibit E to the application. The location does not encroach on the S/2NW/4 Sec. 9.

Jim
