Re: Approval of non-standard  
gas proration unit  
Blanco Mesaverde Pool  
Greenbrier Oil Company  
#1 Vasaly Well

Gentlemen:

The Greenbrier Oil Company hereby submits its application for administrative approval of a non-standard gas proration unit, in the West Half of Section 31, Township 32 North, Range 11 West, San Juan County, New Mexico, comprising 306.4 acres. In support of this request it submits the following information:

1. The Greenbrier Oil Company Vasaly #1 well is located 1650 feet from the West line and 1600 feet from the North line of said section and was tied into the Southern Union Gas Company line on August 4, 1952.
2. The East Half of said Section 31, Township 32 North, Range 11 West, is being operated by the Greenbrier Oil Company.
3. The non-standard unit consists of contiguous quarter-quarter sections and lies wholly within a single governmental section.
4. The entire unit may be reasonably presumed to be productive of gas.
5. A copy of this letter, sent by registered mail to all offset operators, will notify them of the intent to form such non-standard gas proration unit.

Greenbrier Oil Company respectfully requests consideration of this application under the provisions of Order #R-128-C, Rule 1(b), without notice and hearing, and approval of the subject non-standard

gas proration unit.

Very truly yours,

Greenbrier Oil Company
