Amends NWU-145

APPLICATION

Comes now BMNS Company and applies to the commission for administrative approval of a non-standard proration unit consisting of the SW/4 of the SE/4 and the SE/4 of the SW/4 of Section 29, Township 30 North, Range 12 West, N. M. P. M., San Juan County, New Mexico, Fulcher-Kutz Pictured Cliffs Gas Pool, under the provisions of Order No. R-565, and amendments thereto, said acreage to be dedicated to applicant's Wyper Well No. 2 located in SW/4 of the SE/4 of Section 29, and in support thereof would show:

80 acres

offsets  
OK

1. That the proposed non-standard proration unit consists of less than 160 acres.
2. The proposed non-standard proration unit consists of contiguous quarter sections and lies wholly within a single governmental section.
3. The entire non-standard proration unit may reasonably be presumed to be productive of gas.
4. Said Wyper Well No. 2 was drilled and completed in January, 1947, prior to the adoption of said Order No. R-565 prorating gas in Fulcher-Kutz Pictured Cliffs Gas Pool.
5. Attached hereto and made a part hereof is a plat showing the proposed non-standard gas proration unit well location and offset operators, and operator hereby certifies that said offset operators were notified

by registered mail of the intent to form such non-standard gas proration unit said notice having been mailed this 9th day of January, 1957.

Respectfully submitted,

BMNS COMPANY

Re: BMNS Company  
Wyper No. 2 Well,  
San Juan County,  
New Mexico

Gentlemen:

We are in receipt of a copy of the application of the BMNS Company, dated January 9, 1957, requesting the approval by your Commission of a non-standard proration unit for the above mentioned well, consisting of the SW $\frac{1}{4}$  of the SE $\frac{1}{4}$  and the SE $\frac{1}{4}$  of the SW $\frac{1}{4}$  of Section 29, Township 30 North, Range 12 West, N.M.P.M.

This is to advise you that Southern Union Gas Company has no objection to approval of the non-standard proration unit so requested.

Very truly yours,

ASG:FG

Mr. A. L. Porter, Director  
New Mexico Oil Conservation Commission  
P. O. Box 871  
Santa Fe, New Mexico

Dear Mr. Porter:

I am enclosing waiver granted by Aztec Oil and Gas Company to BMNS Company, company's applications for approval of non-standard gas proration unit for their Wyper Well No. 2 and the Copp Well No. 1, which are now pending administrative approval before the commission.

In connection with this application, El Paso Natural Gas Company likewise granted a waiver, which, I believe, was forwarded directly to the commission. El Paso Natural Gas Company states that certain acreage shown on the plats filed by BMNS Company is not held by them. This information was taken from the commission records, and I am at a loss to suggest any other means of determining the lease ownership.

Southern Union Gas Company has likewise furnished the commission with a waiver; however, since Dansby and Greer have apparently not done so, it will probably be necessary to wait the full thirty days before granting administrative approval for the Copp Well No. 1, unless the commission feels it necessary to await the thirty days period because of question as to lease ownership raised by El Paso. The application for administrative approval of the Wyper Well No. 2 could be granted immediately. It is my information that the acreage referred to by El Paso belongs to Southern Union Gas Company at this time, and that company has granted a waiver.

Yours very truly,

Jason W. Kellahin

Attention: Mr. A. L. Porter,  
Secretary-Director

Gentlemen:

Mr. Jason W. Kellahin has furnished us copies of BMNS Company's applications to the Commission on January 9, 1957 requesting approval of non-standard gas proration units for applicant's Wyper Well No. 2, consisting of the  $SW\frac{1}{4}SE\frac{1}{4}$  and the  $SE\frac{1}{4}SW\frac{1}{4}$  of Section 29, Township 30 North, Range 12 West, N.M.P.M., and the Copp Well No. 1, consisting of the  $W\frac{1}{2}NW\frac{1}{4}$  of Section 29, Township 30 North, Range 12 West, N.M.P.M.

Aztec Oil & Gas Company does not have any objection to the approval by the Commission of applicant's proposed non-standard gas proration units in accordance with its applications.

Yours very truly,

AZTEC OIL & GAS COMPANY

Santa Fe, New Mexico

Dear Sir:

We are in receipt of your applications to the New Mexico Oil Conservation Commission on behalf of B M N S Company for administrative approval of non-standard proration units for their Copp #1 well (W/2 NW/4 Section 29 - 30N - 12W), and their Wyper #2 well (SW/4 SE/4 and SE/4 SW/4 Section 29 - 30N - 12W).

We note that in both of your ownership plats attached to these applications you show El Paso as being the operator of the SE/4 NE/4 of Section 32-30N-12W. We do not know where you obtained this information, but it is incorrect. We do not have any lease covering this 40-acre tract. We have no objection to the formation of these two non-standard proration units.

Yours very truly,

EL PASO NATURAL GAS COMPANY
