Dear Pete:

Enclosed is letter from The Ohio Oil Co. granting their approval of the establishment of a non-standard gas proration unit for the subject well. Administrative approval was requested on January 22, 1958.

The enclosed letter together with letters received from El Paso Natural Gas Company and Colorado Western Exploration Company constitute all offset operator approval requirements for forming of the non-standard unit.

Yours very truly,

Charles M. Heard

San Juan County, N. M.

Dear Mr. Heard:

In reply to your letter of January 22, this is to advise that The Ohio Oil Company has no objection as an offset producer to your establishing a unit composed of the N $\frac{1}{2}$ of Section 7, consisting of 315.83 acres and results in a non-standard gas proration unit, lacking .17 of an acre of conforming to a standard proration unit.

Yours very truly,

R. W. McCanne

Section 7: SW/4 NE/4 NE/4
San Juan County, New Mexico

Gentlemen:

El Paso Natural Gas Company has no objection to your approval of a non-standard gas proration unit on the above captioned well.

It is our understanding that the N/2 of Section 7 consisting of 315.83 acres is to be dedicated to this well.

Very truly yours,

T. W. Bittick

Dear Sir:

We refer to Mr. Charles M. Heard's letter of January 22, 1958 by which he requests approval of all offset operators for a non-standard unit for subject well.

Please be advised that we have no objection to this and attendantly give our consent thereto.

Yours very truly,

COLORADO WESTERN EXPLORATION, INC.

Dear Pete:

N/2 of Sec 7

*OK on
waivers
wpi 2-18*

Your notice of shut-in of the subject well for failure to obtain administrative approval for a non-standard gas proration unit was received by this office on January 17, 1958.

In accordance with Rule #128, we hereby request approval of this non-standard unit. Copies of registered letters to offset operators requesting their approval, together with receipts for these registered letters, are enclosed.

It is noted that Form C-128 dated May 31, 1957 is in error in that 305 acres was listed as the dedicated acreage. The Government Land Office survey indicates a total of 315.83 acres actually contributable to this well. Three copies of corrected Form C-128 have been submitted to the New Mexico Oil Conservation Commission District Office III at Aztec, New Mexico.

Gentlemen:

Subject well has been completed as a gas well in the Blanco Mesaverde Field. The North half of Section 7 has been dedicated to this location, which consists of 315.83 acres and results in a non-standard gas proration unit.

In accordance with New Mexico Oil Conservation Commission rules and regulations we request your approval, as an offset operator, for this non-standard unit. Your early acknowledgment in the form of a letter of approval to the New Mexico Oil Conservation Commission, P. O. Box 871, Santa Fe, New Mexico, attention Mr. A. L. Porter, with copy to this office, would be greatly appreciated.

Yours very truly,
