Gentlemen:

El Paso Natural Gas Company has furnished us with a copy of their application to the Commission for administrative approval of a Non-Standard Gas Proration Unit in the Blanco Mesaverde Gas Pool. This unit consists of all of fractional Section 8-28N-9W, San Juan County, New Mexico, on which their Reid No. 1 well is completed.

Aztec Oil & Gas Company, as a joint owner in this unit and as an offset operator, has no objection to this proposed Non-Standard Proration Unit of 273.92 acres.

Your attention is called to the fact that the plat accompanying this application showed Southern Union Gas Company as the offset operation in the S/2 of Section 31-29N-9W. Please be informed that Aztec Oil & Gas Company is the leasehold owner of all of Section 31.

Yours very truly,
