Gentlemen:

Application of Magnolia Petroleum Company
for Approval of a Non-Standard Gas Proration
Unit for the Jicarilla "H" 7 within the
Blanco-Mesa Verde Gas Pool, Rio Arriba
County, New Mexico.

Magnolia Petroleum Company herein applies for administrative approval of a non-standard gas proration unit completed in the Blanco-Mesa Verde Gas Pool, Rio Arriba County, New Mexico. This well, its location, the attributable acreage and its description is as follows:

<u>Well</u>	<u>Location</u>	<u>Acreage</u>	<u>Description</u>
Jicarilla "H" 7	990 FSL & 990 FWL Sec. 1-26N-3W	312.7	W/2 of Sec. 1- 26N-3W

Approval is sought under the administrative authority granted to the Secretary-Director under Rule 1(b) of Section 15 of the Special Rules and Regulations for the Blanco-Mesa Verde Gas Pool as set out in Rule 128-D.

The following facts indicate that the unit will conform to requirements of Rule 1(b):

1. The unit consists of contiguous quarter-quarter sections.
2. The unit would lie wholly within a governmental section.

3. The unit in its entirety is judged to be reasonably productive of gas.
4. All unit acreage would be within leases held only by Magnolia Petroleum Company.
5. Application for the Mesa Verde formation only.
6. All offsetting acreage to the unit are leaseholds of Magnolia Petroleum Company.

Plats showing the acreage requested for attribution and the well location are attached and are hereby made a part of this application.

Since the requested unit would comply to requirements of Rule 1(b) of Order 128-D, and other appropriate action has been taken as required by that order, Magnolia Petroleum Company respectfully requests approval for a non-standard gas proration unit for the Jicarilla "H" 7.

Yours very truly,
